Customer Reviews

This ebook does a great job of presenting information that is a must-read for anyone trying to make

money as a voice over artist.

Nothing you can't learn for free. Not worth purchasing. This was a total waste of my time to read, and will be for anyone but the most novice reader.

Shorter than I expected. I literally read it in about ten minutes. But it covers the basics for beginners, then sets you up for more resources if you want to continue to pursue voiceover work as a career.

Basically two full chapters was a combination of what you can buy on his site, and what other stuff they had to offer,.. Seemed excessive.
