The late Karen Matison Hess, PhD, wrote extensively in law enforcement and criminal justice, gaining a respected reputation for the consistent pedagogical style around which she structured each textbook. She co-authored multiple editions of MANAGEMENT AND SUPERVISION IN LAW ENFORCEMENT, CRIMINAL INVESTIGATION, JUVENILE JUSTICE, and INTRODUCTION TO LAW ENFORCEMENT AND CRIMINAL JUSTICE in addition to CONSTITUTIONAL LAW AND THE CRIMINAL JUSTICE SYSTEM; much of her work and influence remains unchanged in this new edition. Christine H. Orthmann holds an M.S. in criminal justice from the University of Cincinnati and has been writing and researching in various aspects of criminal justice for over 20 years. She is the co-author of numerous Cengage Learning textbooks, a former reserve officer with the Rosemount, Minnesota, Police Department, and a member of the Academy of Criminal Justice Sciences (ACJS), the American Society of Criminology (ASC), the Text and Academic Authors Association (TAA), and

the National Criminal Justice Honor Society (Alpha Phi Sigma). John Paul Wright is Professor of Criminal Justice in the School of Criminal Justice at the University of Cincinnati. Professor Wright received his Ph.D. in criminal justice from the University of Cincinnati in 1996. He has since published over 100 scientific articles, books, and book chapters on the development of juvenile delinquency and violence. Dr. Wright is best known for his work in biosocial criminology, which has invigorated research into the genetic and biological foundations of crime and violence. In addition, Dr. Wright is a highly sought after presenter and has given lectures across the United States.

This book has a lot of great content. It is one of the most difficult books to read that I have ever picked up in my life. It is just crazy difficult to follow along in this book. I had to get it for one of my Criminal Justice classes in college and the book was way worse than the course and the course was tough. It does have a lot of great information though.

Lucky that my instructor takes all of her testing materials straight out of the book. It was well written and very easy to follow the concepts and explanations.

The book is very informal. The author really makes it easy to understand and learned the difference between criminal court and juvenile justice system.

Great book so much information

It was a great book, like brand new, very informative, I would recommend this book for all criminal justice majors.

Yes everything was on point and this was definitely the right textbook.

It was exactly what my daughter needed to finish her last class to graduate in May. Thank you!

I'm just annoyed at my professor who made us buy this and we haven't really used it. Info in book is good but some to me is very obvious or just common sense
