Great story

My 8-year old grandson is obsessed with Alcatraz and loved this book!

The format of this book engages kids (and adults!) First the escape. Then the prison. Then the prisoners. Then how they did it. Then they did it! Then the search. There is a glossary at the back and some dopey tie-in to common core, totally skippable. There is a very good "what they look like now" page. I think a diagram of the cellblock and a drawing of the utility corridor would have helped the book.
