The Vortex: Where The Law Of Attraction Assembles All Cooperative Relationships

Synopsis

This Leading Edge work by Esther and Jerry Hicks, who present The Teachings of Abraham, will help you understand every relationship you are currently involved in as well as every relationship you have ever experienced. This 8-CD set uncovers a myriad of false premises that are at the heart of every uncomfortable relationship issue, and guides you to a clear understanding of the powerful creative Vortex that has already assembled the relationships that you have desired. Abraham will show you how to enter that Vortex, where you will rendezvous with everything and everyone you have been looking for. Abraham says: "It is our desire to help you to solve the mystery of those seemingly impossible relationships; to sort out the details of joyously sharing your planet with billions of others; to rediscover the beauty of your differences; and, most of all, to reestablish the most important relationship of all: your relationship with the Eternal, Non-Physical Source that is really you. "It is our desire that you experience an enhanced appreciation of your planet; your body; your family; your friends; your enemies; your government; your systems; your food; your finances; your animals; your work and your play; your purpose; your Source; your Soul; your past, your future, and your present. . . ."

Customer Reviews

A publishing sensation Daily Express Esther and Jerry Hicks, with the help of commendations from Oprah Winfrey, have sold almost 1.5 million copies of their last three books. The Independent

New York Times best-selling authors Esther and Jerry Hicks produce the Leading Edge Abraham-Hicks teachings on the Art of Allowing our natural Well-Being to come forth. Open workshops held in up to 60 cities per year inspire a regular flow of Abraham books, CDs, and DVDs.

I got these cds as a gift for my sister. She loves them. She highly recommends to everyone that they check out the Abraham-Hicks videos on YouTube for free, and if interested to get this set. Topics are laid out in a question and answer format which leads you through a lot of the AH material in a very orderly fashion. One thing is the title would make it seem like the whole thing will be about human relationships or love and while there are segments focusing on those, it really covers just about all of life because it's about our relationship to everything.

This is a very detailed CD set but much of it wasn't relevant for me. it goes into great detail on relationships of all kinds, finding a mate, parenting, your parents etc. Those areas aren't a problem for me so I wound up FF'ing through a lot of it. It's a compilation of different seminars on those topics, some of which I've heard in other CD sets. I would have preferred more on abundance, money, career and physical fitness. If relationships are an issue for you, you will get a lot out of this one.

Since I've read other of the Hicks' books this one seemed a bit repetitive. In fact, I found myself skipping an entire section because I didn't feel it applied to what I needed. The last section, with the transcripts from the workshops, was actually the most helpful to me. (Of course, it might help if I could find time to read that wasn't in the middle of the night when I'm tired, but...lol) Worth it. Just be prepared for a bit of redundancy if you've recently read their other books and skip around to what's new if you feel frustrated by it. (You can always go back and read it again later!)

I love the question and answer format as well as the passages of more detailed explanation in this book. It is especially helpful in the area of human relationships. Enjoy!

Really just excellent if you are into treatises on creating your own reality and into the Power of the Present. Recommend the whole series.

For almost 1 year now I am reading the Books of Esther Hicks. It changed my life for the better. I do recommend 100 %

I am addicted to Esther Hicks books because they really do teach us that we are here to experience good feelings and emotions. The truth is when we are in the vortex, we feel good and we feel love and all is well with the world. So appreciative of her work! Thank you.

I am still in the process of reading this. I like to read this sort of thing slow and take it all in. I do like this very much.
