It was good and you should read it over and over againit was good and you should read it over and

over again

Its probably the best book I have ever read. Tabitha is so cool I wish I had a cat like that in mc.

"Diary" does a great take on a wimpy Steve who has become comfortable around his home because it is so well protected and has decided to venture out, but is afraid of what he may face. His new pet friend is the perfect compliment to his story and makes sure to keep things interesting for the reader. An excellent quality book that is a true 70 pages full of content with no marketing filler added. I highly recommend this book and author for any Minecraft fan because you know you get consistent quality work.

It was a five star book And I chose this book because it was a good book And I would love to consider this book to my friends that love minecraft

Great book for kids! They will love the whole mine craft plus Wimpy kid spin!!! Try it, your kid will thank you!!!

I got this book this morning, read it, and it was great! I love how you can actually do these things in minecraft! I suggest this book for anyone who likes minecraft, especially kids. Reading this book makes me want to buy other books like this!

This book is an actual 70 pages. Most of the other Diaries from minecraft are 20 or 30 pages long. Another great author is Cube Kid. Diary is a very good author
