Ninja Farts: Silent But Deadly...A Hilarious Book For Kids Age 6-10 (The Disgusting Adventures Of Milo Snotrocket 3)

Synopsis

Ready to laugh your butt off? Milo Snotrocket is back and stinkier than ever in this hilarious new addition to the #1 Best-Selling "Fart Book" series. Here's what readers are already saying about the side-splitting, bottom-burping Fart Book series: "I haven't heard my daughter laughing and giggling that much since she started school. Thank you J.B O'Neill - I will definitely get all your books to keep my child laughing." -- Lisa D. "Absolutely hysterical!...If you want to laugh your way through, from page to page, this is your opportunity and the price is perfect. Get your copy now, it will put a smile on your face!" -- Tom Foster "This ebook had me and my kids laughing from start to finish!...Talk about a fun Friday night!" -- Rob Rodenparker His name is Milo Snotrocket and he has the same problems any kid has. School is boring, he has a bully and sometimes he farts. Well, more than sometimes. What nobody else knows about this special kid is that he's more than just you average everyday child, he's also a Fart Ninja -- taking on bullies and all evildoers with the amazing power of his horrible farts! Warning: This book has farts. Lots of them. And if you focus on farting as much as the people in this book, you might want to check your pants when you're done! You and your kids will love this book...grab it now while it's still available at this discounted price.

Customer Reviews

Sometimes I struggle to find books for my 7 year old advanced reader. He is good at reading but doesn't exactly enjoy the content of the books on his level. This series is great because he understands and enjoys the humor but doesn't need to stop reading to figure out what the words mean like he does with other books sometimes. And they are funny

So funny! My grandson and his dad have really enjoyed this book. Yes, it's full of boy humor with bodily functions and I see other people saying that they are upset that people keep saying - hey - he's reading. But I agree with them - he is reading. I read stupid comic books more than anything else when I was a kid.... I grew up and had learned to love reading from that platform. So, I choose to relax and laugh with them as they tell me about the book! It is good to see my son and grandson reading something together and laughing so much!

Crude humor, but this book got my reluctant reader to read from cover to cover. I'll be looking for more books like this.

I'm a 22 year old man, and Ninja Farts still made me laugh! Despite the toilet humor, this book could also teach kids some valuable lessons about bullying, trusting people, taking responsibility, and making friends. The good lessons in Ninja Farts really surprised me, they were very naturally expressed and did not preach at all. Milo Snotrocket is more than a goofy farting kid, he's a goofy farting kid with a good head on his shoulders! I can't wait to read this to my little nephew.

Why would someone my age buy a book about farting ninjas? I owned a photography studio for several decades at which I photographed children and families. Among the silly words I would use to get the kids laughing were "farts, snot, and boogers." These words worked especially well when photographing boys, and the girls would laugh at their brothers. I would tell them to say "farts," and they would suddenly be smiling. Then I would tell them, "On the count of 3, say 'farts. 1 - 2 - 3.'" The resulting smiles and laughter I captured with the camera were priceless. And within a few minutes not only would the children be laughing, but so would their parents. It was controlled chaos. What fun! So, of course I just had to read Ninja-Farts. From what I saw in the "Look Inside," it looked

hilarious, and it is. Yes, it's potty humor. It is "guy" humor, and every 5 to 10 year-old boy will laugh himself silly. (So will his dad.) It had me laughing. Some things never change. Maybe I am really a 9 year-old in an adult's body. What a hoot! Thanks for the laugh.

My 7 year old grandson found this book very humorous. The fart dragon was funny. A book about body functions and Ninjas can't be wrong; it is just what cracks him up. The names were funny too. As an adult, I appreciated the lesson on why some kids are bullies and how to change that.

I did not give this book to my grand son (10 years old) the cover was very poor quality . as I was giving other books to my other grand kids this one looked shabby . not Christmas worthy . not sure if i'll return it or give to him at a later date

My son normally likes books like this and didn't even read this one through. Some of his favorites include the Wimpy Kid series so I thought this would be a comical addition. Guess not.
