The History Of Christianity: An Introduction

Synopsis

From earliest foundations and precepts to challenges of the new millennium, The History of Christianity provides a comprehensive and balanced treatment of the birth, expansion, and continuing influence of Christianity. Exploration of the growth of Christianity in Asia, Africa, and the Americas conveys its global scale. Fascinating biographical details go beyond names and dates to reveal flesh-and-blood realities of key figures.

Customer Reviews

Bradley Paul Nystrom (Sacramento, CA) is a professor at California State University. David Paul Nystrom (Chicago, IL) is a professor at North Park University.

After I immigrated to the US from mainland China, I became a Christian. My faith has been the center of my life within the past five years. This book gives me a very concise but informative insight of the history of Christianity, and it has answered so many questions that I had for a long time. What I love the most is the authors' objectivity towards our faith. To me, this introductory text book is not something I read at leisure, but one that I need to study thoroughly! I thank my Lord for this book!

Did the job.

the book was simple and helped having the glossary!

Informative book...difficult and robust subject material. Granted it was a summer course, but the class for this book was SO HARD. This book made me realize just how much Christianity has been honed and altered throughout the years and how politically dependent it has been as the Christian religion was used by male leaders to get what they want..power, land, kingdoms, etc.

This was used as my textbook for the History of Christianity class. The reading was easy to understand but there was a lot to read in each chapter (long) but hey, that's a textbook for ya!

Yes. Thank you for the book. This worked out great. It is needed for my class and I didn't want to pay nearly \$200. Renting it was much better and the book was in perfect condition!

This is truly a superb history of Christianity. The book deals with all the complex and subtle nuances of Christian history, yet it is always readable and concise. This book is approachable enough to serve as a first introduction for those new to the field, yet it is scholarly enough to challenge any reader.

While providing a comprehensive survey of church history and a requirement for a class, this book was overwhelmingly packed with so many names and places! You will need concentrated, uninterrupted time to get through this book if history is not your forte.
