Avalon High: Coronation #2: Homecoming

Synopsis

Meg Cabot's magical Arthurian epic continues . . . Manga style! Will's dangerous brother, Marco, has been released from the mental hospital, and it seems as if he's turned over a new leaf. But Ellie isn't sure she trusts him yet, especially when she keeps having creepy nightmares about him every night. Meanwhile, Mr. Morton is still convinced that Ellie's boyfriend, Will, is the reincarnation of King Arthur and that if Ellie doesn't help Will believe this, too, the world is going to end—this Friday. But all this won't stop Ellie from trying to pull off the big dinner party she's arranged to reunite Will with his parents . . . even though it might be a total disaster. When you and your friends are reliving Arthurian legend, you can never catch a break!

Book Information

Customer Reviews

Grade 7 Up—Cabot's tale of Arthurian legend relived by modern-day teenagers continues. Ellie—still not entirely convinced that she is the Lady of the Lake—wants to reunite Will (the reincarnation of King Arthur) with his estranged parents, but her plans are interrupted by the appearance of Will's half-brother Marco. Recently released from a mental hospital, Marco claims to no longer believe he is Mordred, but is he telling the truth? Or is it all a ploy to keep Will from accepting his true identity in time to save the world? And, in the meantime, will mean girl Morgan's schemes force Ellie out of the running for Homecoming Queen? Coronado's black-and-white illustrations add details not spelled out in the text, allowing readers to see (literally) the past and

present incarnations of the characters. A promising series from a proven author. —•Beth Gallego, Los Angeles Public Library, North Hollywood Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.

Meg Cabot was born in Bloomington, Indiana. In addition to her adult contemporary fiction, she is the author of the bestselling young adult fiction *The Princess Diaries* and *The Mediator* series. Over 25 million copies of her novels for children and adults have sold worldwide. Meg lives in Key West, Florida, with her husband.

Love it

... thats how I felt after reading the trilogy. I love Meg Cabot's books, I love cartoons and mangas, I love King Arthurs and I enjoyed Avalon High. So imagine how disappointed was to read three small cartoons that almost had nothing to add to the story. If you decided to buy don't have big expectations. The graphical isn't that great and all the potential left after the book was wasted.

I didn't realize this was a comic book when I bought it, or I would have went used for my daughter... She still wants the third book in the series, but I will purchase that used. I can't see paying \$8 for a comic.

Not a big Manga fan but love this author! Great Job on the original story!

I loved Avalon High, and when I found out there were other books about the series I got very excited. When the books arrived I was very disappointed. They were manga style. I truly thought it was going to be a novel. The book was very short I finished in 10 minutes. Don't forget to read the fine print.

I was in love with the first book, but this one I was not fond of AT ALL. It is written in comic book form, and doesn't have much of a story to it even though it is 100 and something pages. It took around 10 minutes to read the whole thing. The story line is good, but It say "To be continued" at the end.

I ordered this for a 5th grade girl after she enjoyed the first book. She liked it and asked for #3.

If you like black and white cartoons then you will like "Manga Style".I was unaware Volumes 2 & 3 are cartoon books unlike the first.Make certain you understand what I did not or you will be disappointed.
