Customer Reviews

Karen Brown's evaluation of English lodging was great. Her suggested itineraries are great. Especially wonderful was The Oaks in the village of Porlock. I'm now planning a trip to Scotland, and using this book to determine where I will stay.

Expensive @ \$70+.; not as good as Keren Brown's previous books on bed & Breakfasts in England and France. Also 4 years out of date.

Least useable of her books and I have read tons. While the itineraries are good they don't differ from year to year. It is difficult to match the B&B's with the itinerary as they are no longer mentioned in

the itinerary itself. No websites are listed. hopefully they will revamp for 2011!

This was a terrific help for planning a trip to this area. If you need help on a driving tour with routes, sites to see, and accommodations, then this is the book you need.

Delving into this book is like sitting in an English parlor and having an intimate conversation over the tea cups. After some good pages of advice on planning the trip (getting reasonable airline tickets, renting a car, etc.), the authors launch into narratives of their nine chosen itineraries, both detailed driving directions and what to see off the beaten track--even what's crowded all year (Stonehenge) and what to see instead (Avebury). Then there's an extensive section in which each page is devoted to one of the B&Bs and inns they personally recommend, including a charming drawing of the facade of each, with contact information and prices (updated annually, apparently). Drawings enliven the itineraries section as well, along with clear hand-drawn maps. I'm planning a leisurely experience of Britain, rather than a busy-busy tour, and this book is definitely going to help.
