Wilde Like Me

Synopsis

Social talent star Louise Pentland brings us her enchanting and inspiring audiobook. You'll never forget the day you met #RobinWilde! 'Four years, 2 months and 15 days of single-mum-dom. Didn't someone say this was supposed to get easier?' It's time for Robin Wilde to change. Her. Life. Robin Wilde has a beautiful six-year-old daughter, a job she's really rather good at, a wonderful best friend and an auntie who is bonkers, yes, but loves her to the moon and back. But Robin has a secret. Behind the mask she carefully applies every day, she can't shift the grey, lonely feelings of The Emptiness. She struggles to fit in with the school mum crew, online dating is totally despair-inducing and she worries all the time about raising her daughter with self-confidence, courage and joy. What Robin wants, more than anything, is someone (over the age of six) to share her life with. But Robin Wilde isn't one to wallow. If change won't come to her, she'll just have to go out there and find it. Exciting new opportunities are about to come Robin's way.... Perhaps a man, perhaps the promise of an adventure.... What will Robin do with the possibilities she creates? And when her perfect moment comes, will Robin be brave enough to take the leap? Enchanting and uplifting. Very funny. This audiobook will make you feel fantastic just for being you.

Enjoyed the book.

Louise, I purchased this book to read on a plane ride in a months time but thought I would just read the first chapter. A whole book later and still a month till my plane ride, whoops! This exceeded my

expectations. Well done you!

Robin seems very real, most of the time. There are the occasional situations that are too "Wilde" to be true, but they add to the joy and pleasure of the book. Absolutely loved it.

I love this book and I am a person who doesn't read many books since most books get my attention. This book get my attention.

Wilde like me was easy enough chick lit. Nothing outstanding but worked for a lazy weekend and a mindless read.

This book was amazing.

Loved it. Very relatable. Can't wait for the next installment!

I really love Louise and I really wanted to love this book. I wanted to but I just couldn't identify with the heroine who thinks so little of herself to make some of the choices she did. I am quite happy with the ending, and I hope that the next book will be better.
