Addicted With A Twist

Synopsis

From the Queen of Erotica, Zane's Addicted with a Twist is the sequel to Addicted, her wildly popular novel about a married woman whose life spirals out of control when her three affairs lead her down a dark and twisted path, now a major motion picture distributed by Lionsgate. Three years after the end of Addicted, Zoe and Jason Reynard are still married and raising their family together. But Zoe has a new "dirty little secret" that leaves her torn between being honest with her therapist, Dr. Marcella Spencer, and her mother or continuing her forbidden hotel rendezvous with a man who calls himself "Orpheus." Has Zoe truly overcome her sexual addiction through the strength of her love for her husband and continued therapy? Or is she still jeopardizing everything and everyone she holds dear in order to satisfy her fantasies?

I thought there would have been more to this sequel . I waited for almost 10 yrs for this and it was not what i expected. I use to read and enjoy Zane books until she started with all that erotic sex books. I liked her novels which told stories and had me engrossed for hours on end . I know she can

do better.

Disappointed. I didn't even want to give it NO stars shame on you Zane for this one

We find ourselves indulged back into the zesty life of Zoe Reynard, a woman who nearly lost everything due to her insatiable appetite for sex three years ago, has only learned halfway of her mistakes by continuing to satisfy her libido in an extra marital affair with man known only as Orpheus who is also married himself and keeping it only to herself. A devilishly good read and follow up to the zesty story that is now a major motion picture!

Great short to catch up with characters who feel like old friends. Great read. Zane is a pro at weaving an erotica enthralling tale. She never disappoints.

This was more like a short story or a catch up with Zoe. There was more to the excerpt of the other side of the pillow

The story was very well written, but I wish that it could have been a little longer. The ending of the story felt incomplete. I hope that Zane comes out with a third part to the "Addicted" series. Even though I was a little disappointed with the story, it still deserves 4 stars.

The book started off with a bang which is very necessary to keep readers' attention and interest simultaneously. The characters and plot were well developed and it was as if you were in the story setting (s) watching it unfold while reading it.

I am interested to see if they will convert this into a film as well, I enjoyed reading this novel, still is reading it LOL! Another must-read to add to your library.
