This was the only decent map I could find for Bhutan. Have not actually used it yet so can't vouch for its accuracy. Other reviewers indicated it was not the most accurate map.

I purchased this map of Bhutan prior to a 9-day vacation there and was actually a bit disappointed because the place names didn't match up with those in other guide books or with what the locals actually use in-country (which does vary a bit anyway). The map does give a good overview of roads and rivers, but no clear marking for key landmarks like the Dochu La pass which is kind of hard to imagine since it's a major milestone on the main East-West highway. Not sure if other maps

are any better...Bhutan is an amazing place and I highly recommend it with or without a decent map!!
