Bringers Of The Dawn: Teachings From The Pleiadians

Synopsis

Compiled from more than four hundred hours of channeling by Barbara Marciniak, Bringers of the Dawn imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

The awakening will be in waves, as people are able to handle it, and in order to avoid chaos. Putting too much light into an element would blow a fuse, so to speak, and the body could be destroyed if it is not ready. Some people won't be able to handle the energy. They will become frightened of it and they will think that something is wrong with their nervous system or that they are going crazy. There was a different theory as to the meaning of the 144,000 that so many others have attempted to interpret. This interpretation makes more sense to me than any other one I have read. It's supposed to be a language of light. There are 144,000 members of the spiritual hierarchy who are infused in the gridwork of the planet. Each master has its own seal that represents one portion of the Language of Light. Eventually, 144,000 seals will be infused into our being. It will start with 12 forms that each body will be able to hold. Once the transformation has occurred, there will be an infusion of the entire 144,000 symbolic structures through your being. This is something that apparently can't even be explained at this time. When we call to that consciousness and ask to be a portion of it, then we will be implanted with these geometric forms. Since there is no explanation as to how "we call to

that consciousness" it left me wondering if our Higher Self/I Am Presence is the one in charge of the request. The forms that are implanted will come in a variety of shapes, such as the pyramid, sphere, spiral, structures of parallel lines and cube, etc. The Merkabah vehicle is a five-sided figure representing the figure of the human being in its most unlimited state. Apparently, the Merkabah vehicle figure will be reserved only for those who can be trusted. My impression is that one will have to prove that we will not misuse power in order to receive this one. Our bodies bring us untold wealth. They are really invaluable. We are millionaires with our physical bodies, yet, a lot of people don't seem to appreciate them. We are not even aware that our feelings and emotions are like a crop, such as wheat that can be harvested. The negative, fearful, chaotic frequency of emotions is what nourishes those who think they own the Earth. We have been raped of our life force and our emotions. When you operate at a frequency of love and peace, they are not interested in you. Holographic inserts are used on movies and television to manipulate your consciousness. Electronics can also jam your frequency. You can learn to recognize this holographic inserts by feeling. Something will feel fishy, it won't feel right. Your codings and filaments won't feel good because these holographic inserts are used to control you rather than uplift you. Sadly, light is underestimated in this planet. We are also informed that we called to ourselves certain etheric implant tools to receive off-planet energies. These implants are being activated now. Many of you are finding that you are feeling altered during different times of the day, or when you're going to sleep. You are hearing a variety of tones (I am living proof of this), or feeling a kind of vibration in your body. These implants are not negative, they are designed to bypass psychotronic warfare and interference that would keep your frequencies jammed up and prevent you from being able to receive this information. Again, there is no explanation as to how we "called this etheric implant tools" to ourselves. So, I'm left wondering if our Higher Self/I Am Presence is in charge of this. Since the book is not asking us to do anything either. We are simply being informed. There is a divine law concerning interference. Not all gods are spiritually connected. All is allowed in a free will universe and zone. There are many who have broken the law and interfered with Earth. Light is information. The Family of Light, or the return of the White T-Shirts is who you are. Light destroys archaic systems and gives birth to new ones. Send your telepathic broadcast that your presence is here. The best way you can operate at this time is to be a keeper of your own frequency and not go around "saving" everyone else. Always state clearly that any assistance you receive come from the light. Act as if you are divinely guided in every choice you make. Once you understand the proper use of emotion and begin to get control over your own frequency, you will be able to broadcast these rays. This new frequency is called knowledge, light, and information. Part of what you have

come to heal is male dominion over female. But don't carry this as a personal burden, because this is a universal issue. We must break and change personal ineffectual behavior patterns. There are consciousness - families of war - that spend billions of years of time studying, promoting, and experiencing control over consciousness. (These sound like the Black T-Shirts.) The gods knew they couldn't control you if you had the same abilities that they did. So they did the biogenetic experimentation and mutation that has been called the "fall." Get rid of everything in your life that doesn't have meaning for you. This is essential. Information is stored and written in the bone, your skeletal structure, and stone. You can control emotion without getting out of control. There are also several easy to do exercises given, such as intention, using the pillar of light, spinning, communing with the elements, such as water, sun, wind, earth, etc. There is also a very interesting section regarding sex. I highly recommend this book.

Wonderful perspective. Always keeping an open mind and not taking anything as truth until I have listened. This book is definitely thought provoking.

Often duplicated (or outright plagiarized), but never outdone... This book was truly a joy to read. It is clear, concise, and thorough, written with insight and intelligence, from one shining soul to another. I think anyone who identifies themselves as Starseed, Angelic Humans, Lightworkers, and anyone with Past Lives or Spirit Guides from another Galaxy or Dimension should read this book at least once. You get all the Truth and Revelation promised by authors like Patricia Cori-- and much more-- without all the fear-mongering, fluff, and plugs for other books/workshops. Buy it new. Buy it used. Get it from the Library. Borrow it from a friend. Whatever it takes, just READ THIS BOOK!!!

To understand why the world is in such chaos and to learn what you can do about it, read this book. I have read, and re-read it, several times, and it keeps ringing more and more true to me each time I do.

the book for me is always intriguing to turn another page, to read another line, to challenge another shell of the perception to crack and fall away. i am grateful

Very interesting reading that provokes a lot of thinking. I really enjoyed it.

I am so late to this party, but I'm so glad that I found it. There are so many levels of experience in

this book and this lifetime. Seeing it one layer at a time. I'm rereading and have found additional meaning.

A must read! And I mean it. Not for the faint of heart though! It is one of the books that changes your way of thinking (provided obviously that you proceed with caution accompanied with an open mind as it should be the case with all books that are the result of channeling). It has definitely altered mine. A fabulous book that can be read as a fairy tale although it could not be truer. It gives a thorough description of the beginning of the soul, the Earth and the probable futures depending of the evolution of each one. A book full of wisdom that wishes to wake the dormant light memories into everyone ready for the next step....Kryon Book II: Don't Think Like a Human!
