Hawaii: The Big Island (Travel Adventures)

Synopsis

"This Is One Of The Best Guidebooks I've Ever Read. It Has 500 Pages And Then There's Also Bonus Material On A Website. I Could Never Do Everything In This Book Even If I Had A Year Of Vacation Instead Of Two Weeks. But It'll Be Fun To Try." ãâ â œ Laura Suraci

As the title suggests, the emphasis in this book is on adventure, and the authors deliver. They supply details about an amazing array of activities on the Big Island: diving, hiking, camping, golfing, kayaking, whale-watching and many more. For tourists whose idea of adventure is lounging by the pool there is useful information, too; sooner or later, you have to eat. The authors have evaluated dozens (maybe hundreds) of restaurants and shops all around the island and give advice on places not to miss, as well as a few to avoid. Anyone who is planning a trip to Hawaii would benefit from this book. I've already been there, but now I can't wait to go back!" ãâ â œ Jerry Dunlap

"This book totally got me psyched for my trip with my boyfriend to the Big Island, and then it was even better once we were there! We went to so many places that we would never have known about, from bars and restaurants to killer beaches. We even did a sunset booze cruise that was just as campy as they said. The writing style was really fun and easy to read and the famous people quotes were a nice touch. If you're planning a trip to Hawaii, buy this book!" ãâ â œ C.A. Kennedy

"I bought this guide because a friend told me it has a lot more than the usual tourist trap garbage, and that it was written by locals. There is so much information packed in here that I wish we had more time for our trip! After reading through the guidebook, I feel like I'm prepared to spend months on the island trying out something new every day, or just relaxing in great locals' spots that other guides don't cover. This has been a tremendous help in planning our trip ãâ â œ now I'm even more excited to go than I was before!" ãâ â œ Guidebooklover

We travel to grow ãâ â œ our Adventure Guides show you how. Experience the places you visit more directly, freshly, intensely than you would otherwise ãâ â œ sometimes best done on foot, in a canoe, or through cultural adventures like art courses, cooking classes, learning the language, meeting the people, joining in the festivals and celebrations. This can make your trip life-changing, unforgettable. All of the detailed information you need is here about the hotels, restaurants, shopping, sightseeing. But we also lead you to new discoveries, turning corners you haven't turned before, helping you to interact with the world in new ways. That's what makes our Adventure Guides unique.

Written by two island residents, here is the most extensive and up-to-date guide by far. A land of superlatives, the Big Island is home to Mauna Kea, a dormant volcano that is one of the Earth's highest. Another volcano, Kilauea, is the most active on our planet. The lush tropical forests, the lava flow deserts, the sun-drenched beaches, the cuisine, the fiery sunsets and the idyllic weather are unforgettable. Try snorkeling in a coral garden,

swimming with dolphins, night diving with manta rays, hiking to a waterfall, horseback riding through Paniolo Country, taking a helicopter ride over Hawaii Volcanoes National Park, examining petroglyphs, skiing Mauna Kea, surfing, whale-watching, or learning the hula.520 pages.

Customer Reviews

Haven't taken our trip yet, so will review further after the trip. We have been given 10 nights free at my brother's condo, so accommodations have been taken care of. This travel book was chosen over others I reviewed because of it's format.I feel I have a good overall lay of the land because of the book and will develop into it more as our trip approaches.
