Rock's Redemption: Insurgents Motorcycle Club (Insurgents MC Romance Book 8)

Synopsis

Rock is the ripped, handsome Sergeant-At-Arms for the Insurgents MC. Being one of the club's officers, women clamor to share his bed. The biker's more than willing to oblige as long as it's a short-time hookup; long-term relationship is not part of his vocabulary. He's only been in love once a long time ago and the end result was shattering. He learned his lesson: keep his heart encased in steel. The tragic night that sent him to prison is over even though it still simmers inside him. But once he joined the Insurgents MC, he vowed to leave the past darkness and disappointments back in Louisiana. He's embraced his new life of brotherhood, booze, easy women, and Harleys. It suits him just fine. Some things are best left alone, especially a pretty brunette who destroyed his heart. Easy sex has become his mantra. Until his past crashes into his life. Clotille Boucher is the wealthy, spoiled girl who'd stolen Rock's heart many years ago. From a young age, family loyalty was drilled into her, so when darkness engulfed her and Rock, fleeing seemed to be the only way out for her. Deciding to make a new life for herself, she didn't count on having to pay for the sins of her brother. Just when her life doesn't seem like it could get worse, a face from her past gives her a glimmer of hope. Shamed that Rock has to see how far she's fallen, she pretends her life is exactly what she wants, but his penetrating stare tells her he's not buying her act. Fearful that the secrets of the past will catch up with her and Rock, her inclination is to do what she does best—run away. Only problem is, Rock's not letting her slip away so easily this time. Can two damaged people learn to trust one another again? Will Rock be able to reconcile the demons that have plagued him since that tragic night? Does Clotille offer him redemption or destruction? As Rock and Clotille maneuver the treacherous waters of their past and present, someone is lurking behind the shadows to make sure the truth never comes out. The Insurgents MC series are standalone romance novels. This is Rock and Clotille's love story. This book contains violence, sexual assault (not graphic), strong language, and steamy/graphic sexual scenes. It describes the life and actions of an outlaw motorcycle club. If any of these issues offend you, please do not read the book. HEA. No cliffhangers! The book is intended for readers over the age of 18.

Customer Reviews

I'll be honest, I love Chiah Wilder's books, as soon as she writes one I buy it...pre order if possible...she's that good. Saying that, Rock's Revenge is one of, if not, my favorite. Rock and Clotille have a past together that they thought they lost, thankfully for us they find a present and future together. This book is exciting, with a little mystery thrown in and a whole lot of steamy, sexy scenes...AMAZING!! I reread this book periodically just to "listen" to Rock's Louisiana drawl...my imagination can hear his French accent. This whole series is fabulous, so do yourself a favor and read all of them, they don't disappoint.

I love the Insurgents MC Series and couldn't wait to read this one about Rock, their HOT, Sargeant at Arms. I will say that while I really enjoyed it, it wasn't my favorite. I like how Rock was rekindling a romance with a high school sweetheart and there was definitely some interesting dynamics going on. I was expecting Rock to be a hot alpha (and he was) with a hot, feisty woman. The submissive role wouldn't have been too bad, but it was there and then it wasn't. They had a lot to deal with from their past and there were a few twists and turns that kept me reading. I still love the series and can't wait to read more about them (yes, I'm reading them out of order, and it's truly not a problem) My favorite MC series!

I LOVE THE INSURGENTS MC! Chiah Wilder keeps out doing herself. Rock and Clotille have loved each other since he was 10 years old. The young boy had a horrific home life and hated his father for the abuse to the family. When the mother is murdered Rock goes to prison for beating his father. He believed his father killed their mother. Clotille came from a rich family but her life was hell. She was beaten by her mother as a young child but she was daddy's little girl. The shameful things her mother and brother did to her are unforgivable when she turns 17. There are so many different turns in this both it is a must read. Rock and Clotille will keep you glued to their story and I couldn't put it down until I completed the whole book.

Okay. So when I started reading this series I thought okay 8 books it must be done. Oh no. I typically will not read a series until all the books are out. I hate having to wait for the next story. The next thing I am going to say might tick off Chiah, but I have to say it. As a reader that reads around a book a day, I have to say that these books are not standalone's. If you truly want to know what is going on you need to start at book one and go forward. There is talk of 2 bikers in almost all the books that if you were just picking up a random book in this series you really wouldn't really understand the severity of these 2 bad bikers. Plus all the personalities of the other characters that do make appearances in each book. I am crazy that I have to read a standalone series in order. I have upset another author by stating her standalone's are really not standalones, but I have to say my piece on this subject. All 8 books are great reads all have a element of danger that will have you sitting on the edge of your seat. All 8 books have very steamy sex scenes that will have you fanning yourself. You really can't go wrong with this series. Rock and Clotille, childhood friends that were forced apart and lucky enough to come together again years later.

I don't know how I skipped reading this Insurgents book but I did and it was the best of the series in my opinion. Maybe because my Papa was from the same region of Louisiana so it brought back fond memories. Anyway, Rock was like his brother, rough, tough, sexy and strong. The club's Sergeant at Arms. Clotille was weak, pampered by her father, hated by her mother but strong her way. The story was suspenseful and surprising.

Rock was born in Louisiana and was from the wrong side of the tracks. Clotille was rich but her mother beat her. Rock and Clotille meet and became friends until high school. On graduation night, they have sex. When Rock gets home he finds his mom dead and his dad drunk with the knife in his

hand. He almost beats him to death. Rock goes to jail and his dad is convicted of the death of his wife. He gets out of jail and joins the Insurgents MC. They agree to do bodyguard duty for some rich guy. What he doesn't expect is it to be a BDSM party. He is shocked to find Clotille is the man's pet. He returns and takes her away but the man doesn't like to lose his toys. A lot of secrets are uncovered that almost destroy what Rock and Clotille have started to build. Can he forgive her for her lies or will he give up on her and go back to easy women in the club. Too much going back and forwards, with Rock loving her, not loving her, and loving her. I know he's a biker but I found him to be a little childish. But Clotille wasn't much better. She expected him to forgive her after all she'd put him through.

I truly enjoy Ms. Wilder's Insurgent MC series. Some are better, but they're all very entertaining and suck you right into their outlaw world. I look forward to reading more in the future! While this one gave us a nice glimpse into the Cajun world, I just didn't like Rock all that much. I started to like him just past half way and then he was an ass again and couldn't see his own fault in things that happened. He also never apologized for his actions and that made Clotille seem like a bit of a doormat, with him and everyone in her life actually. The book had a good plot though and some good new and favorite characters in it, so I still enjoyed it and will continue reading anything from this author. ãfÂ ã Å, ã Æœ ã â Ñ

This is an ok book but it's not going to fill you with warm fuzzies. I like those books that aren't out and out abusive but are complicated. This is complicated. It takes a long time to get around to the love with lots of hurt and feelings in between.
