Book by Jianhua Bai

Great textbook. This book includes supplementary words in addition to the chapter sociological vocabulary words. Also, there are many chances to practice what you've learned because the textbook includes workbook pages. Each chapter includes multiple examples on how to use the grammar mentioned in the chapter. Overall, it's a well designed textbook.

Good advanced-level Chinese textbook.

My 9th grader is learning it now. Its level is beyond I thought for my son because you really need spend a lot hours on it if you want to get to know these characters. Good thing is, I can see my kid comprehending and writing is improving (He does not studying a lot). But it is a difficulty for self-study Chinese. You need to get a teacher to guide you.

The book is Good!
