Weed This Way! Cannabis Oil, CBD Oil, Dry Herb, Hemp Oil, & Wax Vaping With Electronic Cigarette

WEED THIS WAY!

CANNABIS OIL, CBD OIL, DRY HERB, HEMP OIL &
WAX VAPING WITH ELECTRONIC CIGARETTE

NATHAN J. FARLEY

 CSB Academy

Synopsis

Smoking is an addiction, a habit that is looked down upon more and more with every passing year, just like the addiction to cannabis or weed. Though the negative effects of these addictions on the health of a person are widely known, the number of weed users across the world is increasing consistently. In this book, I take a closer look at cannabis and all its derivatives, including cannabis oil, CBD oil, dry herb, wax vaping, and the best ways by which you can continue using weed or cannabis with more ease by switching to e-cigarettes. Welcome to the 21st century.

Gardening #283 in Books > Crafts, Hobbies & Home > Gardening & Landscape Design >

Herbs #963 in Books > Health, Fitness & Dieting > Alternative Medicine > Herbal Remedies

Customer Reviews

I don't feel that there is anything deceptive about this book at all. The cover says it is about all different types of vaping and that's exactly what it is about. The book looks at everything from basic e-cigs to more sophisticated vaping methods. It does mention the use of cannabis and cannabis derivatives, but it does not in anyway promote illegal activities of any kind. The book is very informative and very well written. I know I'll never take up smoking actual tobacco cigarettes again, but I may just consider vaping now that I've read this.

I knew about having, though I am not a smoker but I have seen friends use these devices. I never did think they could be used to consume cannabis and other natural products to heal various illnesses. I knew and saw on TV that doctors prescribe cannabis to patients for pain, but golly this is so neat to consume them in such a neat way. What interested me more about this book is when the

author talked about how various natural ingredients like Hops, Damiana and a few others, can help with various health issues. I have used Hops and Damiana for years and now I just found a great new way to enjoy them. A big thank you goes to the author.

Did not answer my questions....does include scientific data

It may not have answered all my questions but I know a lot more now than I did an hour ago. Good for beginners.

Perfect! Well informed and easy to read. Great for the amateurs that are craving for this knowledge before going into vaping for the first time. Thank you!!!

Easy, short, to the point in explaining the differences. Exactly what I needed!

was not helpful at all! too vague.

Very basic info.
