Put together wonderfully. Nice easy format. Questions go along with the reading, so as long as they were paying attention they should have the answer. My son loves this series, and I love using it.

From the moment our kiddos opened the box these came in; they wouldn't put them down. It keeps them engaged and entertained. Definitely going to purchase the next volumes in the series for our homeschool history curriculum.

Great activity pages with teacher step by step teaching suggestions. Great for home educators!

We Love Story of the World! My girls are always asking for more history lessons.

This is good for older kids I believe my six year old isn't quite ready for tests yet. But it's good work pages/review.

These tests offer a lot of variety. It compliments the Story of the World Book and lessons very well.

Love this series! My daughter loves History and always asks for it first, partly because this series is so wonderful. Highly recommend.

Wonderful addition to the book. I home school and needed a way to evaluate my child's understanding of the material and this is PERFECT! I would not be able to use the story of the world to homeschool without it.
