Peter Rabbit Touch And Feel

Synopsis

This updated Peter Rabbit touch and feel book is packed with eleven different textures for little hands to explore. From a rough tortoise shell and crinkly lettuce leaves to the fluffy feathers of Jemima Puddle-duck's chicks, every page features a different feel. With Beatrix Potter's original illustrations and a simple text, this is a classic touch-and-feel book that toddlers are sure to love.

Age Range: 3 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Beatrix Potter loved the countryside and spent much of her childhood drawing and studying animals. The Tale of Peter Rabbit, published in 1902, was her first book, expanded from an illustrated letter she had sent to a young friend. Beatrix Potter went on to publish more than 20 tales and collections of rhymes.

Beautiful, quality book with lots of textures for my little one to touch. I am constantly getting compliments on it as I take it to places where I need to distract my little one and it always keeps him well entertained (and sometimes the adults)It doesn't tell the actual tale of Peter Rabbit, but is perfect for kids who like to explore with hands. Even the cover is touch and feel.

I love reading to my daughter and this one is one of our favorites. I enjoy watching her touch and feel all the different fabrics. She really enjoys reading time and I enjoy seeing her experience and absorb all the educational books I purchase for her. I am a huge fan of Peter Rabbit and this is a wonderful book.

Lovely child's book. If I had a complaint it was that I wanted more pages. Each turn of the page had one whole picture with two "feeling" materials. So there were only five picture scenes in total not counting the cover which features Peter Rabbit with a "furry" stomach. It was definitely worth the money especially since I bought a second hand copy which was no different as far as I could see than a brand new one. But it is a book that you will want to keep forever.

I was so impressed by this book. It is simple, for the younger readers. The quality is exceptional. I have never seen a touch-and-feel book with this quality. It is well-made, with nice materials. Ordering another for a present and I'm sure I'll buy it again.

I'm a new parent, so (especially early on) I did the nutty new-parent thing of constantly keeping an eye on whether or not my son was hitting his milestones, one of which was being able to "sit calmly when presented with a book"...at 6 months. At six months, all my son wanted to do was EAT books. Except this one. This here book is a bit of baby crack. The textures are wonderful and varied (although they double-dipped on the felt), the text is simple and entertaining, and the illustrations are classic Peter Rabbit. Instead of gnawing on the pages, my kid reaches for fuzzy Peter on the cover, along with all of the other textures in the book (special shout-out to the cute chicks at the end; that's little one's personal fave). I highly recommend this book.

This has become a favorite with the toddler that comes to visit. She loves touch and feel books and this one does not disappoint. Seems very durable and the pictures are true Beatrix Potter characters...just draws you in.

I love this little book. It was perfect for my son's easter basket! It's obviously not the full Peter Rabbit story. It's only a few pages long and perfect for little ones.

My daughter is just getting old enough to appreciate Touch and Feel books, so my exposure to them is admittedly limited--this is our third. But it's the best I've ever seen. Each spread is a

gorgeous B.Potter illustration with two unique texture/textiles. It doesn't tell a complete story but introduces many favorite characters. Very high quality and already a hit!
