Customer Reviews

The most practical, authoritative guide to Not-for-Profit GAAP. Wiley Not-for-Profit GAAP 2014 is a comprehensive, easy-to-use guide to the accounting and financial reporting principles used by not-for-profit organizations. It is written with the needs of the financial statement preparer, user, and attestor in mind, and provides a complete review of the authoritative accounting literature that impacts all types of not-for-profit organizations. At the same time, Wiley Not-for-Profit GAAP 2014 features many examples and illustrations that will assist the reader in applying the principles to real-life situations. Key features include:

- Easy-to-use information that enables the reader to find what they need quickly.
- Coverage of accounting principles specifically related to not-for-profit organizations, as well as accounting principles applicable to organizations of all kinds.
- Coverage of accounting issues affecting different types of not-for-profit organizations.
- A comprehensive disclosure checklist that helps financial statement preparers and attestors ensure that all disclosures required by GAAP have been considered.
- Many examples and illustrations that make it easy to put accounting theory into practice.

This 2014 edition includes new information covering:

- Statement of Cash Flows reporting of donated financial assets.
- Reporting of services received from an affiliate.
- Clarified disclosures when assets and liabilities are offset.
- Clarified applicability of certain financial instrument disclosures for nonpublic entities.
- Accounting for obligations resulting from joint and several liability arrangements.

Wiley Not-for-Profit GAAP 2014 is a thorough and reliable reference which is designed to be kept to hand on your desk, rather than on the shelf.

This is helpful enough if you are involved in the managing/accounting of a non-profit. There are other books out there on non-profits, but I appreciate Wiley's tried-and-true reputation concerning information for accounting.

An extremely useful reference. Even now, 2 years old, it contains a lot of valuable references and insights. Written at the cursory 30,000 foot level, it will point you in the right direction, but cannot cover it all in detail.

I like the way this book is presented. I think it helps to have the bright minds of two authors on it. They present this in a very clear, easy to understand format. I highly recommend this book.

coverage is good but I would have liked to see more attention to documenting the fulfillment of restricted grants and donations.
