# Three Little Mistakes: The Blindfold Club, Book 3

## Synopsis

I sell sex, sin, and pleasure, but it isn't just my business, it's my entire life. I get off on the power of controlling it all. She's the one woman I can't have. She threatens everything, and yet I can't stay away. There's a beautiful, sexual creature inside this timid girl that's desperate to claw its way out. I'm going to set it free, even if it brings my empire tumbling down. I have to believe she'll be worth all the little mistakes I've made.

## Customer Reviews

What can I say... another fantastic book from this author!! It was steamy, sexy and funny! K really did love it. This time around we get Joseph's story. I honestly didn't think he had it in him to love another person like Payton was before meeting the love of her life. His methods are unconventional to say the least. Meeting Noemi in one of his clubs he instantly is more than intrigued by her. He drives her home and I think by then he's a goner. Noemi a good little catholic girl isn't the least prepared to meet Joseph and all of what Joseph comes with. I love how Nikki doesn't always talk about what the characters are wearing until it's important to share when it impacts the story at the moment. Her work is simple but expressive. I'm in love with this author!! I cannot wait to read more!

Once again, Nikki Sloane has written a scorchingly sexy read for her Blindfold Club - a series I am huge fan of. I cannot believe it's taken me this long to get round to reading them. So, I feel it's important to mention that this particular release contains, in some respects, some sexual acts that are probably a little more controversial than her previous releases - so if choking, public sex, group sex, voyeurism, exhibitionism and minor elements of humiliation turn you off, you may not want to

pick this one up. If, however, you're like me, this will be right up your street. It was nice to see a little (a lot?) more of Dominic and Payton in this release (they are, so far, my favourite couple from the series), and there was a wonderful emotional undertone to Joseph and Noemi's relationship, which had to deal with the events of Joseph's past, an age difference and an element of forbidden love. As ever, they are characters fully formed, characters to fall in love with and situations to make this a hot and heavy one-handed read. If I had to pick a flaw, I'd say that I felt the later half of the book moved a little too quickly for me. The plot was fantastic, but could really have been drawn out just a little longer to make my heart ache - as it was, everything sort of wrapped up a little too nicely, too quickly. Another fabulously sexy read from Nikki Sloane, combining edgy, graphic sex with characters that pack a proper emotional punch. Sloane is, firmly, a one-click author for me. She can do no wrong.

Joseph runs the Blindfold Club. But he meets Noemi at one of his other clubs, a normal nightclub. And he's intrigued by her. He can't stand the idea of not being with her. Then he finds out she's not just Noemi, but the daughter of Mr. Red, one of his clients at the Blindfold Club. Awkward. Even more awkward? He's asked her to be his submissive. It's a hot story with some VERY hot scenes (including one in particular with Payton and Dom). You'll need a fan.

Joseph Monsanto knows his business. The Blindfold Club has made him one of the most influential and elusive figures in Chicago. And he doesn't do relationships. Until the night when he sees what appears to be an underage girl standing alone in his club. Her innocent beauty instantly captivates him but he knows that she's just the type that he should stay far away from because when they are alone together the world goes up in flames. Noemi Rosso has to be careful not let people know who she really is. Being from a prominent family, a simple indiscretion can end up splashed across the tabloids and ruining her father's business. She's always been a good girl. Good grades, good schools and good choices. So what is it about Joseph Monsanto that makes her want to be so very bad? I know that I've said this before but Nikki Sloane's books are some of the best and hottest that I have ever read and *Three Little Mistakes* is now at the very top of that list! She has a keen sense of who her characters really are and when she unleashes them they take you on an erotic journey that will leave you squirming in your seat and begging for more. But it's not just about the searing love scenes. There's a genuine depth and dimension to her

writing. She raises Erotica to a true art form and that's what really sets her apart.

Woah, there were many things I did not see coming regarding Joseph and Noemi and their pasts. Joseph's really shocked me, I got to see more depth and many more layers to the person other than the highly dominant man we met in the two previous books. He was full of surprises and capable of deep and genuine emotions that I did not think he had in him. Noemi was also a real shocker for me, her growth not only as a character but also in her sexual tastes was a pleasant surprise. Though, there were times where her inner struggle with what she wants and what society has told her she should want clashes and created an inner turmoil and conflict that almost costed her the relationship she could have had with Joseph. I have absolutely loved this series from the very get go, Nikki Sloane has fast become one of my very top erotic authors, I am in love with her writing style and everything she brings to the table with the characters, storyline, plot and overall to the books. I cannot wait to read more from her!

I loved the first book in this series, but by book 2 I was losing the love a little and by this one, I was struggling. I loved Joseph and I like the relationship between him and Noemi, but I felt a bit like I was reading the same thing over again. The sex was hot when I was reading book 1 and although I love hot sex in books, this seemed like it was just recycling the same thing, just different characters. I actually began to skim and I don't normally skim well written sex scenes in books and this author can sure write them but I felt like the story was lost to endless sex. I did enjoy the way the connection to all the books comes through in this one, but although I loved Joseph, I didn't love the book. Still, I intend reading on though and have the next book. I didn't hate this, I just didn't love it.
