My wife and I retired in Venezuela 2 years ago. The Insight Guide is a very beautiful book, and fun to just read, like a paperback coffee table book. We found the Footprint guide often unorganized. When we really want information, we go to our Bradt Travel Guide.

Yes, this book has some great pictures, but is not particularly helpful in terms of practical information. I was also disappointed with the layout of the book. The info regarding hotels, restaurants, etc. was not in the same section as the description of the town.

The book is informative and takes a close look at the culture of the people. The pictures are great. The amount of pictures are well balanced with the reading.
