Charles Edward Chapel was born in Iowa in 1904. Graduating from the Naval Academy at Annapolis and serving in the Marine Corps, he was a prolific writer, publishing thousands of articles on subjects such as police science, aviation, and firearms. One of the nation's most active gun writers, he published nearly a dozen books on the subject. Chapel died in 1967.

I enjoy reading from the masters. Some of the instruction can be done easier today with current tools available. But most of the instruction is very relevant today. And gives a sense of where some of these tools/procedures for gunsmiths came from. You might even find a better way to work with firearms than spend every cent you make on tools you may not need.

Well written. Descriptive and written well for the novice and "home smiths". Fast shipping.

JUST WHEN I THOUGHT I KNEW EVERYTHING I NEEDED TO KNOW I READ THIS BOOK & WOW! GREAT LEARNING TOOL!!!

Quite dated, but useful, especially if you are just starting.

Info is a little outdated. But a good read none the less

Complete is a bit of a misnomer. More like introductory guide to a couple of popular guns.

This is a dated text, but good information. Good advice and drawings for those that want to make their own benches. And equipment.

Good general information. Update version of 1943 Gun Care and Repair.
