Black Diamond

Synopsis

I know I'm never going to change. I was born in the darkness, and that's exactly where I'll remain. Rome is sweet, gentle, and vanilla. But I'll change all of that. I'll show her who I really am. And slip that black diamond onto her finger.

Customer Reviews

So after reading the summary of this book and trilogy, I bought all three books right off the bat. Now I'm irritated that I did. First book started off okay, but about half way through it. Just started being a repeat of the same scenes over and over again. There is a lot of similarities to FSOG that the author tries to rework, and it just doesn't come off right. Didn't care for Calloway at all, I mean I get the whole troubled and broken guy with issues, but it was just boring after awhile, and if he used the endearment Sweetheart one more time I was going to throw up! Jackson was an ass, and Isabella just needed to get a freaking life. Skipped through a few parts because it was the same thing over and over again, and quite frankly it just lacked any kind of interest or emotion at all. I thought that the second book would be better, but found myself jumping farther ahead than I did with the first book. I finally just gave up. Now I need to figure out who to give these three books too, I have no intention of reading the final book. Sadly, I wouldn't recommend this book to anyone...

Wow wow wow VERY hot!! I loved the drama, intensity, the story, pretty much everything. It's a very refreshing story, different from others and enjoyed reading both books. You won't regret this reading

and you will feel and love the intensity of the story.

This is the 2nd book in the Obsidian Series. It continues the story about Calloway Owen & Rome Moretti. Both characters have had a rough start in life but haven't shared their past history with each other. Ms. Quinn gets the reader involved in their relationship & keeps you wondering what will happen next. Looking forward to reading the rest of the books in this Series.

I was one of the lucky ones who received an advanced copy of this book. I waited until I had a full evening to read it..... She broke him, she finally did. Lots of hot steamy sex, but also an emotional roller coaster ride too. Would like to know more of Hank and Rome's story. Seems like there's more to it!!

Since I started this series I'm just had obsessed to finish reading this series the way Calloway is obsessed with Rome. I love how strong she is after all that she's been through and even though she loves him she's determined to stand her ground. I love the way she's his world, but he thinks he needs control and for her to be his submissive. I think he thinks he needs that control more than anything because of his past, so I really hope true love and understanding wins all battles. I loved the fact that while they were apart they were faithful to one another. Ok on to book 3 Black Promise

This story held my attention from the beginning to the end. Vanilla and Sexy are so good together. I can't wait to see what happens next.

I could not put this book down. It was so good and I cannot wait to read the next in the series. Rome and Calloway are becoming two of my favorite characters.

Victoria Quinn has done it again. What a great book. Rome and Cal hit a cross road. Cal wants Rome to be his submissive and Rome wants kids, marriage and the white picket fence. He finally broke, but what will Rome say? Can he live without that part of his life?
