Tarzan And The Jewels Of Opar

Synopsis

A spy, Albert Werper, has been sent by Tarzan's long time foe, Achmet Zek, to abduct Jane. His plan changes when he discovers that Tarzan is bankrupt and must return to the lost city of Opar to bring back more gold. While Tarzan and the spy are in the treasure tomb, an earthquake strikes Tarzan down and blocks the exit. The only way out leads Werper to the sacrificial chamber of the Flaming God, where he soon finds himself the next victim. Tarzan is quick to recover his strength - but not his memory! Tarzan is the original super hero - one most of us would like to be. It is easy to surrender ourselves to the thrill of his exploits in the damp African Jungle, yield to the pull of primitive impulse, and imagine we are back again in pre-historic times, swinging from tree to tree in glorious abandon through the primeval forest or fighting the great cave bear with rude stone weapons.

Book Information

Series: Tarzan (Book 5)

Audio CD

Publisher: Tantor Audio; Library - Unabridged CD edition (May 1, 2003)

Customer Reviews

This book is a standard print version using a minimum of 10 point type in a 6 by 9 inch size and library bound. As with all Quiet Vision print books, it use a high grade, acid free paper for long life.

--This text refers to an out of print or unavailable edition of this title.

After serving in the Seventh Cavalry and a reserve militia during World War I, Edgar Rice Burroughs (1875-1950) wrote for pulp fiction magazines. His best-known book, Tarzan of the Apes, was the

start of his longest and most successful series. Shelly Frasier has recorded over fifty audiobooks. She can be heard narrating such classics as Tarzan of the Apes by Edgar Rice Burroughs and Alice's Adventures in Wonderland by Lewis Carroll.

This is a tour de force of action, adventure, the lure of treasure, trials and tribulations with Tarzan in the wilds of Africa. A tale that roars along like a runaway freight train, with more plot twists and hair-breadth escapes than you can count. Those who have grown weary reading ponderous tomes of made up worlds with wizards and the like should take a well deserved break and see how a real master of the genre gets the job done! Edgar Rice Burroughs gets his characters in and out of more scrapes in a single chapter than many of today's writers can manage in a hundred pages. This is Burroughs at his best. Available for free on Kindle, you can't go wrong at the price.

Recently started re-reading the first few Tarzan books. I originally read them over 40 years ago in my pre-teen/early teen years. This edition is a nice hardcover book which is a perfect size in my opinion. The print is quite large with a space between paragraphs making it very easy on the eyes. 5th novel in the series. I won't comment too much about the plot and writing style. It is a good jungle romance in the usual Burroughs style. After I read it I re-watched the Tarzan the Tiger 1929 silent with sound effects movie serial starring Frank Merrill which was based on the movie and followed the plot of the book quite closely. Recommended for Tarzan/Burroughs fans.

I've been trying to find the last few remaining books from the Tarzan series that I haven't read, so it was great to find this one. I wish the entire series would be made readily available. It's an entertaining and fun book, as are all the dozens of ERB books I've read. The simple tried and true formula of good versus evil, heroes versus dastardly villains, and exotic locations makes for a great story. Suitable for both adults and teens.

If you like topical vacations with a whole lot of excitement mixed in this story is for you. It is one of my favorite get aways.

Having started the series from the beginning I found this book has a good mix of old and new characters. The villains are vibrant and lively, just the type that you love to hate. It is somewhat tiresome that Jane and Tarzan find themselves repeatedly in peril but without that what would the story be? This is a fast and easy read, very enjoyable. I plan on continuing with the series to see

what else Burroughs has in store.

It was exciting to read this book. I hope to find more like it in the future. I loved it

A great book by a great author and delivered right to my door. What is not to love?

Not only is Edgar Rice Burroughs a master of the English language, but the setting for his most famous books are in a place of pure fantasy. Everything is possible and the most incredible things can and do happen. For readers that are looking for an escape from the hum-drum of every day life, it is an enjoyable read. Sit back, read chapter after chapter, and allow Mr. Burroughs to take you to places that never were and can never be....except in the pages of his books. A great read; just be sure that you're expecting the impossible and ready to enjoy the journey!
