Grade Level: Preschool - Kindergarten

Customer Reviews

Obviously this isn't a great work of literature but even for this type of the book the writing is stilted and choppy. Not a fan.

Love it!Love all the Golden Books and my son loves the superhero ones!!

My stepson loves Iron Man and loves making up stories and reading. For his bday he was thrilled to get all Iron Man gifts including this books. Price is great, shipping was fast and no issues. I would recommend these books to anyone... :)

My son loves this Iron Man book, and he has many of the super hero LGBook versions. The story is interesting to read and the illustration are colorful and attention getting.

Fun to read to my kid, very colorful illustrations. Plus, my son will want to read it over and over once

he learns to read.

Quick read, good content and color.

My four year old likes it.

Nice!
