Customer Reviews

This is a collectors item as stated.I am very satisfied with my purchase.In perfect condition,clean from cover to cover.Thank you.

I love Françoise Couperin. This is why I purchased this book. This, however, is not the same composer. This Couperin is Cecile, a far cry from the former Couperin. Moreover, I'm mostly annoyed at the contents, which are compositions by Beethoven, Brahms, Richter, Mozart. All sorts of folk songs and key board exercises. What a waste of my money. I played the Volga Boat Song ages ago and didn't need a new rendition.

I am an intermediate piano student. This book is at the appropriate level for me. It shows fingering and contains 3 pages of instructions on how to play various ornament notations that are typical of Baroque music. If you want to learn how to play classical music, this is a book for you to get started.
