Customer Reviews

As a piano teacher I'm a big fan of all the Faber and Faber Piano Adventures. The popular repertoire book is a nice break from the regular lesson book.

Great book!

This Piano Method has been a delight to use with my students. So logical and easy to present! Thanks to Faber and ! My local store doesn't always have what I need when I need it and really gets the music to me quickly! Bravo!

All Faber books are great!

Great tunes arranged for the level one student. The CD accompaniment is a real plus and is a

pleasant check for rhythmic stability instead of a ticking metronome. The activity pages for each piece are varied and support them in interesting ways.

Our Grand Daughter is 8 and she is taking piano lessons, these are the same books her teacher has. She wanted them for home so she could practice more. The books came on time and are very helpful.

good book
