Kayak Fishing Made Easy: A Practical Sea Angler's Guide For Catching Your Favorite Big Fish From A Kayak

Synopsis

Kayak fishing is a challenging and rewarding way to experience life on the water, combining the sport of kayaking with the thrill of deep sea fishing. Kayaking gives great pleasure for all those who head out onto the water to become a master of the waves. If you are a fan of this fantastic and exhilarating sport you may want to take your hobby one step further and learn how to catch fish from your Kayak. If so this is the book for you. Kayak Fishing Made Easy will teach you everything you need to know about getting started and turning a hobby into a sporting lifestyle. With the expert advice you will learn not only about the equipment you need but also the techniques and tricks that will help you to have a successful kayaking fishing trip each time you head out on the water. This book will give you a valuable insight into what to do and what not to do when fishing in a kayak. Without the right knowledge it is possible you will find yourself quickly out of your depth. Before you head out take time to read through this exciting and richly detailed book full of all the information you need to get it right and avoid costly mistakes. The topics that are covered in this easy to read book include: **What kayak should you use for fishing?** **How to pick the best kayak?** **What equipment will you need?** **How much money will a good fishing kayak cost?** **What paddles/oars should you use?** **The kayak fishing check list** **Fish fighting techniques and tricks of the trade** **How to land your big fish while kayaking** **Seamanship covering GPS, waves, VHF and tides** **What's the perfect bait to use?** **What should you be fishing for?** **How to catch your favorite fish!** Kayak Fishing Made Easy is packed full of informative facts and knowledge you need to know. Ideal for beginners and to the sport, experienced kayakers and keen fisherman this book will give you clear and concise techniques making it the must have read for anyone looking to learn how to kayak fish. Pick up your copy today and enjoy reading and learning about the skills you need before taking on the incredible sport of kayak fishing. Check Out What Others Are Saying... "Definitely worth reading! I am planning a kayaking trip next month and this book gave me great insight on how to prepare and what to expect. Great detail on the ins and outs of a kayak, how to dress, what to bring, and most importantly how to organize. I not only highly recommend this book, its definitely full of information that I will download and bring along with me (just in case). You can tell by reading this book that the author has passion towards the sport of Kayaking and wants to share this knowledge. I have no doubt that if you read this book, and follow the suggestions, you will have a successful and rewarding trip." - Stacie (USA) "Kayak Fishing Made Easy by Scott Parsons is a good read. I love to fish and boat and this combines both. I'm ready to go kayak fishing now." - RDC "The book was very informative from style of kayak buy and the accessories to go along with it. I like all the

various videos as well. I would highly recommend reading this before going out on big water." - Jon Webster "I've been an avid kayaker for some years now, but never been kayak fishing, so I got this book just for general interest. I was a bit shocked about how much there is to be learnt about kayak fishing, so I'm keeping this one in my kindle as a reference book. I am now saving up for a fishing kayak, which I should be able to get in a few weeks. Can't wait to get out there!" - Lavida

Customer Reviews

This is definitely one of the better books on kayak fishing out there - easily. With regard to format, text and layout - really easy to follow and nicely put together. Content wise - very strong. I especially took a lot out of the paddling session and rescue techniques...It's funny because the book outlines little simple things that I had no idea about that really helps with paddling - and it's provided in a very simple way. For example, I was able to go over the forward sweep stroke (to turn the kayak) with my cousin who is a PURE novice when it comes to this stuff. In a really short time he had the process of paddling pretty much covered. I'm not sure if this book led to me landing my first big fish - but it sure had HUGE impact in helping me do so. I hadn't caught big game fish doing this in some quite time - so I MUST give some credit to this book b/c it improved my kayak fishing for sure. (That's the whole reason I got the book - I felt my kayak fishing was lacking something) Lastly, real quick, let me say that I read one of the reviews that said it was 'basic' information without any details. That actually is inaccurate. While some of the information is basic (you must know the basics, anyway, right?), it is very detailed, complete with diagrams and even clear instructions (especially in the fly fishing and going over the different strokes). Actually the author presented the information in a

concise way, to the point you understood that the Author wasn't trying to add filler to the book just to increase word count (which I've seen all too often)All in all - excellent book. The link to the videos and added articles are a great touch to help anyone with their kayak fishing.

Definitely worth reading! I am planning a kayaking trip next month and this book gave me great insight on how to prepare and what to expect. Great detail on the ins and outs of a kayak, how to dress, what to bring, and most importantly how to organize. I not only highly recommend this book, its definitely full of information that I will download and bring along with me (just in case). You can tell by reading this book that the author has passion towards the sport of Kayaking and wants to share this knowledge. I have no doubt that if you read this book, and follow the suggestions, you will have a successful and rewarding trip.

Great e-book on the basics of kayak fishing, with links to relevant youtube videos.It's a lot of information, and it only sends you to the good videos, so you don't have to determine for yourself which youtube publishers know what they are talking about.

We're planning to go kayaking this summer. I've never down it before and I was scared to death becuase I didnt know what to do! Kayak Fishing Made Easy made me feel more confident and I'm not completely terrified anymore. Thanks, Scott Parsons for this great guide. It;s a real life save, maybe literally! 5 stars!

I am new to kayaking, an this book has given me some good pointers.

The author provides very complete coverage of all phases of the sport. One of the best features is embedded youtube sites that allow you to immediately access supplementary instructional videos.

He does cover some real good points, was free so I read it for fun. Been fishing kayaks since 03. Can't say enough about that PDF, see so many who don't wear it ...one day your been like a friend of mine who slipped out of his boat without his PDF and drowned because he hit his head...gotta wear it all the time...I do period..

Lots of useful info.
