Incredibly effective. The 21 day guide in the second part is essential and very effective. My life was literally saved through this book.

boy! They KNOW me!

Useful wise little book!

This is a really great books. Great section on children's experience with troubled, less-than-perfect

parents. This definitely helped me in understanding my reactions to spouse, boss, coworkers, friends, family.

What a thorough resource to understanding approval addiction. This book has helped me understand so clearly what makes one overly focus on pleasing others. The language is clear, simple and so concise. No waffle, no irrelevant anecdotal stories. This has been an empowering read.

Helpful in determining what "type" of people-pleaser you may be, chapters addressing different people-pleasing tendencies and a 21 day program to change people-pleasing habits. Explores the roots of people pleasing

Great help for people who feel dependent on the approval of others in every aspect of life! Supportive and essential book.

This book was perfect for me and help me a lot everybody around me including my husband is astonished with my new attitudes facing life....Many thanks to Harriet Odila
