Customer Reviews

Julie Warren has been designing and making realistic and beautiful dolls' house furniture for the last 15 years. She lives in rural Oxfordshire with her husband, Matt.

Absolutely wonderful book on making miniatures. Clear and beautiful pictures with fantastic instructions. This book will be used many times in my miniature making- I love it and would recommend it to anyone wanting to make their own dollhouse furniture.

I really enjoyed the style and ease of the furniture instructed in this book. If you only have the basic skills and tools you can complete all projects. The writing and pictures are easy to follow. The only thing to be aware of is, that some steps and measurements have moved out of sync but still very easy to follow

Love this book. A little pricey for my pocketbook but it's worth it! For a self-published book, it is done very professionally. Photos and instructions are outstanding!

I love this book! I anticipated it would be a very helpful step by step instruction book and it didn't disappoint me. Many colorful pictures to reference and easy to understand instructions!

Excellent book, and fast shipping.

I am loving this book. Good clear directions for the furniture and easy decorating ideas for altering the look of a room. I highly recommend this book.

Haven't used it much but instructions seem clear.

Great furniture projects and excellent instructions.
