Grade Level: 6 and up

Customer Reviews

Grade 5-7—These books introduce two renowned figures in well-documented accounts within the political and historical climates of their time. Anne Frank's family and life are explored before, during, and after her hiding and incarceration. Wallenberg brings to light the truly heroic and daringly bold efforts of the Swedish diplomat who created a huge network of resistance workers and shrewdly played both sides of the political arena to successfully save the largest community of Jews in a Nazi-occupied country. McArthur explores the myriad theories behind the mysterious fate of Wallenberg, who disappeared shortly after the end of the war. This updated version of his life is much needed in any Holocaust collection. Both books include profiles of key figures related to the subjects' lives and circumstances.
