The Bigfoot Blunder (A Charlie Rhodes Cozy Mystery Book 1)

Synopsis

The truth is out there – maybe. Charlie Rhodes has a lot going on. The recent college graduate just landed her dream job. That's right. She's a bona fide monster hunter. No, you read that right. Charlie has joined the Legacy Foundation, and her actual job is to find something new, wonderful and scientifically unique. Her first job as the junior member of the team involves a biggie. It seems Bigfoot – no, the one and only Sasquatch extraordinaire itself – may have killed a woman in Hemlock Cove, Michigan. Within hours of landing at her new job Charlie finds herself traveling to an odd little town in the middle of nowhere to discover if Bigfoot is real. Charlie hits the ground running, excitement practically overwhelming her. The dead woman worked at a local resort and was very popular with her male colleagues. That means there are plenty of human suspects, but Charlie and her team are determined to prove the culprit was animal, not human. Hemlock Cove boasts numerous mysteries, of course, and when the team checks in to a local inn called The Overlook they find a gaggle of wacky women to contend with. On top of the potential Bigfoot issue, Charlie is convinced there's something going on with the Winchester women and she's determined to get to the bottom of the secrets she's convinced they're keeping. That's on top of the fact that Charlie is keeping her own secret. She's psychic and telekinetic – and exactly the sort of person the Legacy Foundation would like to find. That means she's hiding in plain sight, and she's desperate to make sure nobody figures that out. Charlie is in for a wild ride, one that includes a magical adventure and concludes with a potentially deadly face-off. Will she survive long enough to catch a second case, or will she fall victim to a killer that could come in almost any form?

Charlie Rhodes just graduated and has a new job. She's on a team that searches for new and unique creatures. Her first assignment is to look for Bigfoot. It takes the team to Hemlock Cove to meet the Winchester family of witches. As always, Bay and her cousins lend some extra mystery to the team's research into a murder that may have been committed by Bigfoot. Lots of mystery with a large side order of laughs! Love this new series!

What could possibly go wrong in Hemlock Cove that hasn't happened before? For such a small community built around an occult, tourist-trap theme there have certainly been a lot of mysterious deaths in the past ... but this one is unique. People aren't sure if the murderer is a person or Bigfoot! Enter the Legacy Foundation, a group specializing in paranormal activities and its newest member, Charlie Rhodes. It's their job to determine if Bigfoot actually committed the crime. A really cool mystery novel that draws off of the laughable one-liners that you have come to expect from Amanda's novels. Clove, Thistle, Bay, Aunt Tillie and now Charlie Rhodes have their work cut out for them solving the crime. Sit back and enjoy the ride as I did.

Loved it! I enjoyed the new characters mixed with the characters I've already come to love, and can't wait for more!!! This story grabbed my attention and the mystery was perfect. I couldn't put it down. Can't wait for more!

I absolutely loved this book! I am already a fan of Amanda Lee and I do love the Winchesters. I hope that this is just the first in a long series of books about Charlie Rhodes because I want to learn more about her and enjoy many of her adventures to come.

Charlie Rhodes is likeable, and she has a secret. This is a great start to a new series. I enjoyed the crossover with the Hemlock Cove crowd, every book is better when Aunt Tillie makes an appearance. The second book in this series will prove whether or not Charlie can be a strong enough character to keep my interest without the Winchesters. I have faith in Amanda, bring it on!

I love this Author. She writes wonderful characters and storylines in all her books. The different series all are great. I highly recommend all her different series and books. She has great humour in all her books my favorite books are time travel and ghost stories and witches cozy mysteries. Diana Romano. You will never be disappointed in this Author.

This the start of another great series. I enjoyed seeing those wonderful Winchester witches from a different perspective, but Charlie was the main interest here. I'm looking forward to learning more about her, her colleagues and reading about their paranormal adventures. I won't spoil the story by telling if Bigfoot did it. That would spoil the fun.

I'm not usually a cozy mystery reader, but Bigfoot was in the title and it was a paranormal, 2 things I like. I loved all the characters, the main ones and the rest and loved the humor! In some parts I would laugh or giggle and my husband would look like I was crazy! I can't wait for the second one.
