The World Traveler In Saudi Arabia, Bahrain, UAE And Egypt (The World Traveler Series Book 3)

Synopsis

This book is a series of travel stories about my ten years of work and travel in Saudi Arabia, with vacation visits to Bahrain, UAE and Egypt. With over one hundred color pictures and forty thousand words, it not only tells my stories but shows you what I saw much better than I could describe. Ideal for Kindle Fire and other color viewers. Before my first trip to Saudi Arabia, I read every book I could find about the Kingdom, but none were useful in relating the culture and what it was really like to live there. I recently checked available books and things have not improved. This book, however, will give you a good feel for living in a far different culture. The purpose of the World Traveler Series is to tell the stories of my travels on nine trips around the world, visits to over forty countries and thirteen years of living and working in foreign lands. My friends can tell the story of a vacation in two minutes, usually less. None of mine can be summarized in two minutes. When I travel, stories unfold, characters enter and leave my life and strange events occur. This strangeness isn't life threatening, but interesting, rewarding, fun, sometimes educational but always broadening. This book is intended for the following audience: Those going to Saudi Arabia. Those thinking about going to Saudi Arabia. Those who are curious about Saudi Arabia and the oil business. Those who are never going to Saudi Arabia, but who would like to know more about it. Those who are relocating somewhere, sometime and want some general travel information. Those who don't travel, but like reading of the messes travelers get themselves into. Those who are engineers. Those who like to make fun of engineers. Those who have read my previous books and wonder how I got that way. I think that covers about everybody.

Customer Reviews

I enjoyed traveling vicariously with the couple in the book. It was so interesting I finished the book in one day, did not want to sleep so read until 2 am. It was that kind of book... Totally interesting and entertaining. It made me realize that you absolutely must travel when you are young, it sounds like it takes a lot of stamina. I loved shopping vicariously for the gold, also the descriptions of the hotels, travel accomodations and the restaurants. It was so much fun I hated to stop when the book ended. I noticed he wrote a book about travels in Japan and I bought it because I enjoyed this book so much. Really gave you an honest eye to the rest of the world
