More Than A Cheetah (Shifty Book 6)

Synopsis

"Okay, for the record, I didn't ask for a famous painter to be my soulmate. I mean, yeah, I liked paintings. Lots of people like paintings. But that didn't mean I wanted to be married to a painter." "Not that I wanted to be married to anyone else, either. I would've been happy just being a loner cheetah shifter for the rest of my life, teaching at Shifty University and designing cool buildings. But the universe decided, and bam, I was soulmates with Haiden Day." Jazz doesn't want a soulmate, but not for the reason most shifters claim. She's not afraid of how he would treat her or whether or not he would love her--she's afraid of her past, and she's determined not to let Haiden know about it. Haiden, on the other hand, isn't afraid at all. He just wants to be with the other half of his soul. Fame and fortune mean nothing when you don't have anyone to share it with, and Jazz is the one he wants to be with. The past comes back to bite them both in more ways than one. Jazz and Haiden have to learn to love each other while they learn who they really are and what they really want, along with how to make a difference together. It'll take some effort to figure it out, but they're determined.

About the Shifty Series: 11 girls... 11 stories. What happens in a world where humans and shifters live together in peace? Well... a lot, actually. In this series, you'll get just a glimpse of it. Each of these ladies is fighting for love and for change in their lives and the world around them. The books each stand on their own as every girl tells her story, and don't have to be read in any sort of order to be enjoyed. With a new love story and happily ever after in each book, this series will show you a new way to view shifters, one you may not have ever considered before.

Customer Reviews

I am really enjoying this series of shifter books. The premise behind the series...a group of 10 different types of shifter friends working to make the world better for shifters...is great. I've never read books about panther, otter, or cheetah shifters. I'm looking forward to the eagle, the lion, and others. Very clean!!! I would feel comfortable letting my teenager read this series.

I loved hearing about jazz and all the things she is going to accomplish and cannot wait to hear from Brooke!

Love your books had me laughing a lot. Can't wait for the next one to come out. Please let me know when it does.

Love the Shifty books. I normally don't read all the books when there is more than 3, I just lose interest. But not with the Shifty books. Love them!
