## Synopsis

Book Two of The Shift Chronicles, a series full of magic, romance, and wolves.----~A Missing Girl~~For months, there's been no sign of Alex's sister, who she fought so desperately to rescue. She's disappeared without a trace. ~~A Series of Warnings~~A werewolf is stalking Alex's once sleepy southern town. People are dying, and Alex thinks she knows the reason: her refusal to give in to Valkos. The growing bodycount is a warning. He is trying to break her, and now neighboring packs--once allies-- are convinced that she is a risk that needs to be eliminated before she's broken.~~An Unexpected Visitor~~Just when things between Alex and Kael are starting to make sense amongst all the chaos around them, a dark part of Kael's past returns in the most unexpected of places, and threatens to turn them upside down all over again. ~~An Impossible Betrayal~~Alex thought she finally knew who she could trust. She was wrong. And her mistake may mean war.

## Customer Reviews

great series

Very good. Hope the next one comes out quick! I'm hoping Kael is not gone thru most of the next one.

I'm obsessed, simple as that!

I freaking LOVE this series. This book was everything and it definitely had some surprises I didn't see coming!! I definitely recommend this series and oh how I love Kael!!!

Simply amazing story with action and love, loyalty and such suprising twists and turns. Just simply amazing ! Starting the next book ASAP :)

The series was well thought and well writen. Characters well developed. Great.journey that holds you to your seAt.

Awesome... Can't wait till another one comes out!!!!

So, so glad I read this! Don't get me wrong, I liked the first one quite a bit. I thought it was well-written, I liked the characters, the action, and such, loved the banter between Alex and Kael... and I would recommend it, even though it didn't have as much actual romance in it as I normally like in my paranormal romances. I wanted banter, but more than that, if you know what I mean, haha. So, when I finished the first one, I figured I'd read the second one eventually, because like I said, this author can obviously write well, which is really refreshing for these cheap ebooks. I wasn't in a hurry, though. But I wish I had been, because I absolutely FREAKING LOVED this second book!!! Why did I wait so long to read it??? I mean it's only been out a month, but still. More humor (several moments had me snorting/laughing out loud), more cool magic (also: the Faolan character totally cracks me up). And, MOST IMPORTANTLY: more Kael and Alex! :D Including some steamy moments and some "awwww, so cute" moments ;) and also: banter. They are adorable and I love them, the end. So yeah, bottom line, if you liked the first one even a little, read this one! It's even better! (imo) And I can't wait for the next book:)
