Building Code Basics: Commercial; Based On The International Building Code (International Code Council Series)

Synopsis

When you are looking for an introduction to the International Building Code (IBC), look for a resource that was designed especially for you - look for BUILDING CODE BASICS. Aimed at first-time users of the Code, the book explores its base requirements in a straightforward, easy-to-read format. From technical jargon to the IBC's more complex regulations, it simplifies critical concepts so that users can begin to build a foundation for learning and applying the Code. This valuable guide is based on the 2012 edition of the IBC, making it an up-to-date, step-by-step guide to understanding and applying its provisions. Check out our app, DEWALT Mobile Pro. Customer Reviews

ICC is a leading organization dedicated to developing a single set of comprehensive, coordinated national model construction codes. To date, 48 U.S. states have adopted various international codes from ICC.

EXCELLENT

This book is extremely helpful for understanding the commercial building code. It explains the concepts clearly and has many photos and illustrations.

It's good...

Great review information. Palest ink better than strongest memory.

This was a required textbook to accompany the IBC and explains how to decipher it. Works well for its purpose.

Good presentation

it is the good introduction of building code for all beginners.it's a easier way to understand the building code.

Great book to get a good overview of the code.
