Counterterrorism Law, Second Edition (Aspen Casebook)

Synopsis

Counterterrorism Law is a detailed survey of United States law governing the definition, detection, detention, interrogation, and prosecution of terrorists. Also covered is the availability and legal use of armed force, civil liability, and economic sanctions against terrorism and its state sponsors. A solid fit for an advanced course in National Security Law, Constitutional Law, or Civil Rights, this comprehensive text organizes the rapidly growing body of Counterterrorism Law into discrete, coherent, and pedagogically efficient segments. This outstanding text offers an abundance of great features. Specifically, it: organizes Counterterrorism law into separate, coherent, and pedagogically efficient parts; adapts to multiple learning environments, including seminars and courses with limited class hours; covers not only core issues of detention, interrogation and law enforcement, but also related issues such as data-mining, screening, civil liability, targeted killing, and sanctions

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #481,509 in Books (See Top 100 in Books) #78 in Books > Law > Specialties > Military #858 in Books > Textbooks > Law > Criminal Law #1014 in Books > Politics & Social Sciences > Politics & Government > Specific Topics > Terrorism

Customer Reviews

This book is well written and very current. There are speeches from President Obama and an entire chapter devoted to targeted killing. The book is dedicated to teachers and it shows. Unlike typical textbooks that simply give a slew of cases, this one takes the time to explain the background to the cases and what the world view on terrorism during that period.
