ISBN-13: 978-1937513542

Product Dimensions: 8.5 x 0.3 x 11 inches

Shipping Weight: 14.4 ounces (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 11 customer reviews

Best Sellers Rank: #210,874 in Books (See Top 100 in Books) #27 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Lace & Tatting](#) #359 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Knitting](#) #504 in [Books > Arts & Photography > Graphic Design > Commercial > Fashion Design](#)

Customer Reviews

Every shawl in this book is gorgeous! I've already finished the cover shawl & can't wait to get started on my next one! I'm a senior citizen & fairly new at lace knitting but had no trouble with knitting this shawl. The only thing I did extra was make enlarged charts so I could attach them to my magnetic board. I would definitely buy this book again!

All 3 Books I would buy again as I like to use 1 copy to keep and one as a work book . I do that with all the knitting books and patrens I buy

While the shawls shown are complex, they are also so beautiful I can't resist making one for each of my daughters. The difficulty becomes, which one? P L pruit

A wonderful book, great price, timely delivery. I'll be knitting a lot of lace from this beautiful book!

Poor quality paper and presentation. There patterns are I exciting. I don't think there is anything here I will knit....alas

Absolutely Out Of This World Gorgeous patterns! But all the directions are Charts!! give this review only one star because nowhere is there any indication, what so ever, as to how the directions are presented. The knitting instructions are why we buy these books and can be either written out or charted (or both). Some customers prefer one, some the other. I really, Really, REALLY feel it is only fair to the customer to indicate which type of directions are in the book. This book has no Product Description nor the Look Inside feature (and the reviews give no hint). This lack of adequate information robs the customer of an informed choice. I would not have bought this book if I had known the instructions were charts only. I get totally lost knitting from a chart. A book teaching chart knitting, a class, tips from knitting friends... nothing helps. And it is not that I am a novice; I've been knitting since my Mother had me knitting lacy antimacassar sets in First Grade. And its not that I begrudge charted instructions (lots of people love them). Its just that I can't get my head around them, so why should I waste my money on a book I can't use, no matter how fabulous the projects are. However, now that I have the book, I think I will try and see if I can transcribe a pattern. (Hope this works)

So beautiful! Great value for the money.

This is a lovely book for lace knitters who wish to knit shawls. And what lace knitter doesn't? Lovely patterns , good instructions.
