NCCN Guidelines For Patients[®]: Lung Cancer (Non-Small Cell), Version 1.2016

Synopsis

[OFFICIAL CURRENT VERSION] From the medical leaders of 27 of the world's most renowned cancer centers united under the National Comprehensive Cancer Network® (NCCN®), comes this essential guide to lung cancer (non-small cell lung cancer). Adapted from clinical treatment guidelines used by physicians and oncology professionals around the world, these NCCN Guidelines for Patients® are packed with the latest information, treatment innovations, and resources about the diagnosis and treatment of lung cancer. Each patient-friendly chapter prepares patients and caregivers to talk with their doctors and make treatment decisions. Let this authoritative handbook be your guide! Part 1 • Lung cancer basics • Explains where lung cancer starts and how it spreads. Part 2 • Assessing lung nodules • Discusses care for when a small lung mass is found. Part 3 • Cancer staging • Defines the groups of lung cancer used for treatment planning. Part 4 • Treatment planning • Describes how doctors plan your treatment. Part 5 • Overview of cancer treatments • Describes the treatments used to cure or control lung cancer. Part 6 • Treatment guide: one primary tumor • Presents treatment options for one or more related masses of cancer cells. Part 7 • Treatment guide: Multiple primary tumors • Presents treatment options for two or more unrelated masses of cancer cells. Part 8 • Making treatment decisions • Offers tips for choosing the best treatment. A complete glossary with dictionary and acronyms completes this book.

Customer Reviews

The National Comprehensive Cancer Network[®] (NCCN[®]), a not-for-profit alliance of 27 leading cancer centers devoted to patient care, research, and education, is dedicated to improving the quality, effectiveness, and efficiency of cancer care so that patients can live better lives.

Through the leadership and expertise of clinical professionals at NCCN Member Institutions, NCCN develops resources that present valuable information to the numerous stakeholders in the health care delivery system. As the arbiter of high-quality cancer care, NCCN promotes the importance of continuous quality improvement and recognizes the significance of creating clinical practice guidelines appropriate for use by patients, clinicians, and other health care decision-makers.

Excellent! Very clear and understandable, I love it.
