Synopsis

We are re-defining the face of ageing on a daily basis, with the Baby Boom generation in the vanguard, followed by younger generations who are similarly intrigued by non-invasive natural solutions that are integrative rather than purely cosmetic. Constitutional Facial Acupuncture has begun to make an impact on popular culture and outmoded perceptions about the nature of authentic beauty and the ageing process. Acupuncturists who practice in this field are increasingly expected to have specialized training and knowledge, outside the customary parameters of the more traditional approaches. This book introduces a complete Constitutional Facial Acupuncture protocol that is comprehensive, effective and clearly organized, with illustrative color photographs and facial needling diagrams. Its strong constitutional components are unique, adhere to the principles of Chinese medicine, and are rooted in the three levels of treatment – Jing, Ying and Wei. A new and detailed Constitutional Facial Acupuncture protocol highlights acu-muscle points, Shen imbalances, lines and wrinkles, needling technique, relevant points and their locations. A comprehensive constitutional treatment approach A customized, modular topical herbal protocol that is enriched with the use of essential oils and natural cleansers, creams, etc. Practical step-by-step instructions on how to integrate the needling protocols with the topical herbs, jade rollers, gem eye discs, etc. A complete Constitutional Facial Acupuncture needling protocol for 12 problematic areas of the facial landscape, i.e., droopy eyelids, sagging neck, crow's feet, sunken cheeks, etc. Contraindications, benefits, and personal advice drawn from the author's 30+ years of experience An essential text for students or practitioners of facial acupuncture, and also for those readers who are interested in the field of "healthy aging"

Love this book. Mary's reverence to the whole person (body and soul) and its' expressions as it relates to the art of TCM sets her apart. I've take 2 cosmetic acupuncture courses and have always felt there was something missing. This book has really tied it together for me.

If you ever have a chance to meet this lady in person she is a true gem! I did a seminar with her last September and am still benefiting from the healing I got. She and Michael Angelo are true gifts to the planet and I am blessed to have met them!

Beautifully constructed book!!
