# BABY FARM ANIMALS (L

## Synopsis

A Golden Book classic, now in a deluxe board book edition! This deluxe Little Golden Book-sized board book will be a favorite for springtime gift-giving! More than 60 years ago, Garth Williams, illustrator of *Charlotte's Web* and the *Little House* books, wrote and illustrated what became an instant classic, featuring the cutest, fuzziest farm animals. Generations of children have loved *Baby Farm Animals* ever since.

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

## Customer Reviews

No one has illustrated animals with as much warmth, humor, and realism as Garth Williams. This classic-full of piglets, kittens, calves, and bunnies-is one of his best. Simple, humorous text identifies each fuzzy, furry, or feathery farm animal capering about the farm. This longtime favorite has been reissued for a new generation of kids, who will "pet" the animals on each page over and over again! --This text refers to an out of print or unavailable edition of this title.

GARTH WILLIAMS (1912-1996) is known for his realistic yet highly expressive animal characters. He brought to life some of the best-loved children's books of the 20th century, including *E. B. White's Charlotte's Web* and *Stuart Little*, and the *Little House* books by Laura Ingalls Wilder. Williams illustrated many timeless Golden Books, including *Baby Farm Animals*, *Mister Dog*, *The Friendly Book*, *The Sailor Dog*, *The Giant Golden Book of Elves* and

Fairies, and The Kitten Who Thought He Was a Mouse.Ã Â

This book is absolutely darling! I had this as a child and remember looking at it over and over. It is instructional in that it tells the reader that a baby goose is a gosling, cats have kittens, dogs have puppies, etc. Sounds elementary, and it is, but to a young child it introduces a few new words. I actually still have my original book, but it has been battered and beaten up. My book was a hardbound book and all I can say is it is over 50 years old. Yikes! Golden books are the gold standard.

This is a great little book to educate little ones so they can identify animals and their sounds. The illustrations are lovely and the book was a great value. My only complaint, as with the other Golden Books I purchased, is the print size. It is very small and can really put a strain on your eyes.

This is a fave book at our house. This is our second copy! Beautiful illustrations and not too many words. My 9 month old loves this one, as does his 2 1/2 year old sister. A+

Exactly what I ordered! Love it!

Super cute book!

I was disappointed in the little Golden Books I ordered for my granddaughter for Christmas this year. The pages and the book covers were not cut properly and the covers were a bit small, both lengthwise and widthwise. I don't think I would purchase these books again on line. It's worth the extra couple of dollars to go to a book store where you can put your hands on the books and get one that looks like it was made properly, especially when it's a gift. The quality was just not what I expected or hoped for.

Great book for kids !!

If you have a toddler with a short attention span who loves animals, this is a great book. My daughter loved scrolling through the pictures while I loved it because it gave the lay-man's name for the "baby" animal and the technical name. It's concise as far as sentences with pictures, which makes her happy that I'm not reading aloud so much.
