Customer Reviews

Great book for beginners starting to use command blocks and has a good list of commands to get started with

I liked the book but it was short, I learned some new stuff. I just learned how to get command blocks on YouTube but now know some commands!

These commands are not really that good, It gave you about 1% of the commands you could do by typing /help. Also, some of the info is out dated.

this book is terrible! I give it -100000 it really sucks I wish it gave useful commands. every one already knows these commands
