The Sepher Yetzirah: The Book Of Creation

Synopsis

For those involved with the study of Kabbalah, the Sepher Yetzirah is, along with the Sepher Bahir, one of the key works of note within this genre of mysticism. Involved with both the Hebrew alphabet and numbers systems, it ascribes all major aspects of creation (literally, formation by divine force) to three classes of Hebrew letters, with three numbered classes thereafter; the three mothers, the seven pairs, and the twelve elementals. Further, to this is added the ten Sephiroth and their representations. The work contains what are very likely to be Gnostic elements as well, for the Sephiroth are of nothingness; here too are some alchemical properties and concepts enumerated in antiquity, long before their latter day Renaissance counterparts. Here, then, it is through fire, water, and breath that formation occurs, and the divine breath of god is considered the moderating force which measures and imparts all other existence and nature.

Customer Reviews

Along with the Sepher Bahir, this is essential reading for anyone studying Kabbalah and/or the deeper spiritual messages contained within the Torah. Don't expect it to be quick and easy to fully understand though.

You have to already be quite trained before you can really gather the full meaning behind the book. It details the self, universe, etc. as having different facets that coincide with interconnections between separate points.

I am very pleased with this purchase.

The near entirety of this book is, "The One-Hour China Book," focused on market trends and money... what on Earth that is supposed to have to do with Creation is absolutely beyond me. Was this a misprint? The Sepher Yetzirah only goes to page 18, then it's this entirely different book.. it picks back up after page 143 back at pg 19 of the sepher yetzirah. 35 pages of Sepher Yetzirah in all. If this is just some ploy to pad the book and make it seem larger, or if it is a total goof, the publisher is sorely off the mark.

Everything by Tarl Warwick is great.

Good information. Although I'm never here for the patriarchal religious dogma of the kabbala
