Customer Reviews

I love vampire romances! This is my first book by this author, and I liked it, but I'm not sure it qualifies as a vampire romance. The premise was intriguing - young bounty hunter teams up with

elder vampire to find evil mage. The heroine, Reagan, is compelling - beautiful, strong, and wicked funny. The hero, if there is one, is Darius, and he was also compelling - handsome, sexy, strong, and protective. They had good chemistry, but very little romance. The storyline was entertaining and unpredictable, but heavy on the paranormal theme. I liked the author's writing style - plenty of action and dialogue, several laugh-out-loud moments, and one laugh-until-I-cried moment, but a little too many long fight scenes for my taste. Overall, a good book, and I can't wait for the next one in the series!

Loving this book!! I like the humor in it. A little confusing at times keeping all of the people straight, so if you read, take heed of them, most times you'll go back with Reagan to take them out, take them with or just go back to laugh at them. I'm not finished yet and I can't wait to get home to read more! My work has seriously diminished since I started this book. :)Just a snippet of the comical and not quoted..I ran toward the (extremely powerful) spell. I hoped it didn't slice me up.... 10' away.. bright lights...5' away... brighter still... Hope my face doesn't melt off... 3' away, reach for weapon... spell blinks away at the perfect moment... My face smacked into the door.... I fell backwards onto my butt... "Open the door you idiot" (Z) called... "Good advice" I grumbled.. hahahahahaEven powerful people can lose their train of thought when concentrating too hard on other things!! LOOOOVE IT!!!!

Don't pass this one up. A really enjoyable read. If you like Butcher, Chance, Sunny etc this is really good urban fantasy

Once I started reading this book it was very hard to put down. Reagan is now one of my favorite characters with her witty sarcasm and her love of breaking down doors! I can't wait to read the next book in the series!

It's been awhile since I have read a book worthy of a review, let alone 5 stars. I am usually a murder mystery, sometimes cozy mystery, soometime dabbling into the magical/fantasy book reader. I just enjoy good books, and this book was AWESOME! I thoroughly enjoyed the main characters; most especially, the heroine. She's smart and sassy and kicks some magical butt. The author successfully suspends disbelief and creates a totally plausible, certainly creative, and definitely fun story line. I am hooked!! Can't wait to get the next two books in the trilogy!!

Being a fan of the Darkness series, it took me a while to finally pick up this book. All I can say is wow, what took me so long. I love an ass kicking heroine who take no prisoners and she is a bounty hunter. This character can hang with me anytime. I just couldn't put it down. Well Ms. Breene, you have done it again, this fan will follow you no matter where you what to take the readers. Thanks for the great action, adventure, mystery, and magic.

Born in Fire is the first book in the Fire & Ice Trilogy. I really wanted to love this book. All the reviews promised laugh out loud with a kick ass heroine. Kick ass was true, laugh out loud not so much for me. I did enjoy Reagan's smart ass comments, but at times it came across cheesy. At first the storyline was confusing. It did eventually come together and make sense. All in all an enjoyable read and I will continue to the next one.

This is a great example of urban fantasy. Kick-arse woman with a mysterious lineage? Check. Sexy alpha-hole with boundary issues? Check. Murder and mayhem? Check. The writing is pretty good. A little slow and patchy in places, but mostly it flows. Reagan is a great main character. Funny and relatable. But I was unimpressed with the romance subplot. There is nothing appealing about a man who won't take no for an answer and a woman who falls for his BS anyway. I gave it 4 stars because it pulled me in enough to make me buy book 2 straight away, but the more I thought about it, the more the romance started to grate.
