This book was very disappointing to me. The copyright date is 2010 but the information is out of

date or missing. We saw trailheads just off the highway with no information for them in the book, like the Lahaina Pali Trail. So much more information, or more up to date information, should have been given. The information for the Olowalu Petroglyphs is very out of date as far as finding the trail, following the trail, and how to view them. [Chez Paul Restaurant doesn't exist anymore] Nakele Blowhole is a sight of 2 blowholes. You could miss the best one with these directions. There is also another parking spot to start your hike that actually gives you a view of where you're going. This book needs to be reworked.

was not disappointed, easy to read and type if hikes

The book is perfect for Maui hiking. Highly recommended

Great book! However, one of the hikes, at least, was outdated. Nonetheless, if you just confirm that the hike/place is still valid by checking online, you should be fine.

The hikes are very well known and some information is out of date. I was hoping for less well known hikes.

I am on Maui now and finding it hard to use.

Not helpful. Not many hikes given.

Some pretty easy hiking trails in Maui. Hope I can get some use out of it someday.
