Father John Laux, M.A., was a high school religion teacher who wrote his own Catholic curricular books after spending a large number of years teaching and researching. His works were first published in 1928 and include Catholic Apologetics, Mass and the Sacraments, Introduction to the Bible, Catholic Morality and Church History. He capsulated the Catholic faith extremely well, thanks to his lively prose and succinct way of accurately explaining the details of theology. Though Father Laux originally wrote his books for high school students, they remain very informative for those in college and even adulthood as well. He wrote in a timeless, direct and to-the-point style that continues to present Catholics with in-depth explanations of their faith today.

I came across this wonderful book after many years of studying and teaching the Catholic Faith and must say it is one of the best books I found to learn and teach the beauty of true Christianity. Whether you are a teacher, a catechist, or a Christian in search of information this book is a must

read. Fr. Laux explains, in simple to understand-easy to read terms, some of the most profound teachings of the Church. This book and the other five in the series are some of the best tools to understand the Church and some of her teachings.

Straight to the point and all the references you need for the background of core beliefs. I also recommend any of the others book from this set by this author.

This series by Fr. Laux may look dry, but it is an amazing set of books guaranteed to teach you more about the faith than you have ever learned before!

Great

Great book and condition was awesome!

Father John Laux here renders a splendid description of some of the fundamentals of Holy Church, particularly the Mass and the Sacraments. It is noteworthy that this work was first published in the 1920's, long before the betrayal of Vatican II, when the Holy Sacrifice of the Mass was much closer to its original praxis. But there is a beauty and timelessness in Father John's exposition that transcends even the tragedy of what has become of Holy Church under the *Nouvus Ordo*. This excellent book stands as the second volume of a four volume set that Father John developed as a course in religion for Catholics. The wonderful folks at TAN publishing of Rockford, Illinois have made it available in beautiful paperback format. And for that, and for Father John's most exemplary work, we are extremely grateful. Read this, and the entire four volumes of Father John's course on religion and be richly blessed and well informed in the process. God bless.

199 pp. PB. Impr. 72 Illus. Index. The doctrine and history of the 7 Sacraments--in the beginning and later ages of the Church. Also covers Indulgences and Sacramentals. I filed this mess in the circular file. it is so out of date my dynamic young Catholic Christians would

have laughed themselves sick--way too pre Vatican II
