With so many travel books aimed at adults, the idea of a book especially for children is an excellent concept. It contained just the right balance to be informative and educational without being too dry and boring. Spain's travel guide is fun and interesting and our kids love it.

This is a short coloring book / activity book with very little travel information that is of interest to kids older than 6 or 7. Cover really basic information like the color of Spain's flag is red and yellow - so color it on the next page. My 10 year old flipped through it for 2 minutes and threw it to the side and never looked at again.

The whole family loved this book, especially the kids (7 and 10)! We plan a family vacation in Spain and this book looks fun and interesting. We purchased the digital version, and we're going to purchase the printed book so the kids can solve the puzzles and use the diary at the end of the book. The language section is also really handy for everyone! What a great idea and a perfect present.

Definitely recommend this book if you are taking your kids to Spain. It covers vocabulary and culture. Great pics and graphics. Games for kids to do also.

This is a great book for kids over five! I would recommend it highly for parents who are taking their children to Spain.

It's absolutely a fun book, my daughter just wants to keep reading it

Easy access for kids mind, essentials Data about Spain

My daughter loves it. Great buy!
