On The Slopes

Synopsis

Snowboarding means everything to Charlise, but she hasn't met Sam Miller yet. Charlise is a snowboarder with a promising career ahead of her. Despite the fact that her father hates her risking her life on the slopes that had taken the life of Charlise's mother she is determined not to give up her career the way her mother did when she fell pregnant. Charlise wants to win medals, lots of them. The last distraction Charlise needs is the American freestyle champion, Sam Miller, who utterly enthralls her with his wit and friendliness. Refusing to risk her career for a relationship, Charlise returns home for Christmas, determined to sort things out with her father. But the holidays culminate in an epic fight, and with a repeat of the painful breakup with Sam. However, new discoveries from her family's past might change Charlise's mind about Sam.

Customer Reviews

With winter just around the corner, I couldn't wait to tear into *On the Slopes* by Bridie Hall, and it did not disappoint. You see, I love snow and winter sports, throw in a strong-willed

female protagonist with the hint of a possible romance snuggled up by the fire and you'll have me ski beanie, chairlift, and all. But don't worry if you aren't a fan of the cold or the snow, Hall steams up the pages of the book just enough to keep you warm for weeks. Charlise, Charlie to her friends, belongs to an elite group of snowboarders touring Europe. During the last remaining days of a filming expedition, Charlie along with Sam and the other pro snowboarders will pack up and head to the next mountain. Most of the male boarders are caught up in the adrenaline of the sport and the after party. Sam's different. He often follows his older and rowdier teammates, but there's something about him that Charlie finds attractive. Maybe it's his approach on the mountain. Maybe it's his approach to life, but one thing's for sure, life on the slopes is about to get a lot more interesting. I LOVE On the Slopes by Bridie Hall. It got me in the mood for the mountains, and the snow, and hot guys on snowboards;)
