My Take-Along Bible

Synopsis

Here's a durable children's board book of carefully chosen Bible stories retold in rhyme, with scriptural references. The stories of Adam and Eve, Noah and the Flood, Joseph, Moses, and the birth, death, and resurrection of Jesus are all included. A handle on the spine makes it "handy" for children to take this book along to church or anywhere else. The colorful illustrations will delight children, and the design of the book includes cutouts. For ages 8 and under.

Book Information

Board book: 20 pages

Publisher: New Leaf Publishing Group (March 1, 2004)

Language: English

ISBN-10: 0892215771

ISBN-13: 978-0892215775

Product Dimensions: 8.3 x 0.8 x 8.1 inches

Grade Level: Preschool - Kindergarten

Customer Reviews

Charming and delightful! -- Roger Howerton, Acquisitions Editor, New Leaf Press and Master Books, March 23, 2004

Alice Joyce Davidson has written 28 books for the Alice in Bibleland series, with sales of over five million copies. She has two children and two grandchildren. She is involved in art and sculpting as hobbies and lives in Cincinnati, Ohio.

I wanted an Easter present that included some religion for our son. This Bible is perfect. We are Catholic and take our son to Mass every Sunday so he learns and will learn about the Crucifixion and other parts of the Bible and of our faith through Mass and catechism. I wasn't looking for

something all inclusive--I was looking for something with great pictures and sturdy pages to grab his attention and survive his treatment of books. A huge plus is the rhyming of the little stories--developmentally that is what toddlers crave as it helps them learn to talk and eventually to read. So, between that and the wonderful pictures, he always stays engaged. I also love the little lessons at the end of each story. This Bible is meant for littles, so it's not the end all be all inclusive Bible to teach your child about Christianity (and I don't think it should be) -- it's just one tool to help families form their child's faith and love of reading, and it does a great job of that. Also, the handle is perfect because the only thing toddler loves more than rhymes is carrying things around!

I bought this for my 3 year old cousin. He doesn't read yet but i thought it would be nice to read to him. it is a card board book and every opening has a different bible story told in just a few lines as a rhyme. Its really cute and i think a great way for him to have an overview of the bible stories. my only complaint really is that theres a handle on the binding and he spent about 2 hours trying to "open" it. then his sister and everyone else in the family tried. it looks like something you can open and play with. it was really annoying for him and i completely understand why.

Alice, you must have read my mind when you wrote the My Take-Along Bible! I was hunting for a Bible appropriate for my 9 month old grandson. I could find a couple that might work for early elementary school children but nothing right for younger ones until I saw your book. I find it to be a sturdy board book with a very interesting handle to make it perfect as a take along activity especially when going to church. The size is just right for young ones to manage: not too big to use and not too small to enjoy the pictures. The pictures are wonderful. They are colorful and contain lots of things to look at and talk about with a generous span of ages. I can see this book being versatile enough for birth to preschool aged children. I especially love that the bible stories are summarized into a manageable app. 2 sentences per page for short attention spans and a short "application to me" part is included. I thought the story selections were perfect: very appropriate and comprehensive. I was not interested in a Revised King James version with a few Precious Moments pictures interspersed throughout the book! The My Take-Along Bible makes the Bible easier to understand and relate to young lives. It is a great way to share a devotion time just right for young ones. Thank you, Alice!

I am a nursery worker in a daycare. I love to give these little Bibles to the toddlers when they move to the next room. The stories are short and easy for mom or dad to read and the child can carry the

book with him because of the handle. It is light weight and made of durable materials. Just perfect for a toddler. I have been giving this book away to toddlers for 11 years.

This is my baby's favorite book. She is now 1.5yo and love looking at all the colorful animals in the book. The stories are short and simple. It is a good book to introduce baby to reading and the bible. The stories are just a few simple sentences. This is the only book she would read for bedtime. We have a routine to read to her for 5mins - 10mins and pray before she sleep. I would recommend this book to babies and toddlers. Note: this is not a full version of a bible. Do not expect long and detail storyline.

This is horribly written "Bible". The stories are told with perostorous language and are inaccurate or emphasize the wrong point. Big disappointment. I don't know what the parent reviewers were thinking rating this high. The handle is the best part of this "Bible"

This Bible doesn't have many stories in it, as one would probably imagine for a toddler's board book. However, there were far too many words to hold my daughter's attention when she needed a small board book Bible and now that she has a bit better attention span, we like to read Bibles with more in depth stories. Don't bother with this book, there are plenty of other better children's Bibles. (Try the read and share bible or the goodnight bible.)

My son read everyday and become more familiar with Bible stories
